Xerox® VersaLink® B600 Printer and Xerox® VersaLink® B605 Multifunction Printer

For a black and white printer or multifunction printer, the VersaLink B600/B605 is anything but basic. In fact, VersaLink sets a new standard for what you can expect in work group productivity from Xerox. Home or away, this highly configurable, cloud-connected workplace assistant delivers completely new capabilities that go far beyond the competition – at a competitive price.

EASY, SMART AND SECURE.

Right out of the box, you'll count on your VersaLink B600 or B605 to make your business work more efficiently. From IT-free installation wizards, to step-by-step configuration options, you're ready to go – hassle free.

Superior reliability comes from a new hardware design with fewer moving parts, strengthened paper-path components and a more advanced Hi-Q LED print head.

VersaLink devices are loaded with features designed to reduce inefficiency. Device management and user training can be done anywhere with the time-saving Remote Control Panel. Ensure information accuracy with Scan and Fax preview¹, and do more with scanned documents with built-in optical character recognition (OCR)².

The most security-minded businesses and governments choose Xerox. We offer a comprehensive approach to print security that includes a powerful mix of built-in features and services that mitigate risk through a vigorous focus to prevent unauthorised access, detect suspect or malicious behaviour, and protect data and documents.

CUSTOMISABLE, APP-BASED FUNCTIONALITY.

The 7-inch customizable color touchscreen (5-inch on the B600) allows you to breeze through tasks with mobile-like ease. Xerox® ConnectKey Apps, accessed via the extensive Xerox App Gallery, provide expanded functionality – like the optional Xerox® Easy Translator Service app², which quickly translates scanned documents into numerous languages.

Get more done in less time by creating customised 1-Touch Apps² to automate multi-step workflows for individuals or groups. Simply tap your new app to quickly perform the job you configured. And with Simple ID, individual users and groups enter a user ID and password once to experience fast, secure access to task-specific presets and commonly used apps on a personalised home screen.

CLOUD AND MOBILE CONNECTIVITY.

The VersaLink B600 Printer and VersaLink B605 Multifunction Printer gives you the freedom to work where and how you want – with access to Google Drive™, Microsoft® OneDrive®, DropBox™ and additional options through the Xerox App Gallery.

The ability to connect and print from multiple devices is key for today's worker, and VersaLink devices meet the challenge with Apple® AirPrint®, Google Cloud Print™, Xerox® Print Service Plug-in for Android™, Near Field Communication (NFC) Tap-to-Pair and Mopria®, plus optional Wi-Fi and Wi-Fi Direct.
