Re: Letter of Reference
Mr. Baboglo Oleksandr

To Whom It May Concern:

This letter constitutes my personal recommendation for Mr. Baboglo Oleksandr. Mr. Baboglo worked for me in order to develop and implement software solution "Worldwide income traffic routing, analytic and reporting system" and proved himself to be extremely professional, motivated, and a very strong manager of operations. He has a thorough knowledge of the software development and digital marketing industry, and a strong operational background.

Mr. Baboglo is very knowledgeable about the necessary software solutions related to the project. One of his greatest strengths is in developing, implementing, and monitoring tracking systems for project and operations and evaluating the needs for the same across a program or operation.

I would highly recommend Mr. Baboglo Oleksandr for employment in the above capacity. He is a team player with a great attitude and I firmly believe he can help make an organization more successful.

Sincerely,
Evgeny Marchenkov
CEO
