

Deliver Value and Control

Self-monitoring of blood glucose is an important component of diabetes treatment.

But high costs put the benefits of frequent monitoring out of reach for many diabetics.

Answer the needs of your market with *On-Call™ Plus*:

- Reliable
- Affordable
- Less Pain

Global Diagnostics for Local Markets™

Value and Control with *On-Call™ Plus*

Starter kit contains 15 test strips
and all components needed to start testing

- Biosensor technology
- Only 1µL sample size
- Accurate results in just 10 seconds
- Flexibility to test on the forearm, palm or fingertip
- Advanced data management with 7, 14, 30-day averaging and PC download
- Affordability for frequent monitoring

All *On-Call™ Plus* products are CE approved for sale in the EU. **CE** 0197
