

Technical condition

1. Applicable standard IEC 60099-4
2. Rated voltage (U_r): 15kV
3. Maximum continuous operating voltage (U_c): 12.7kV
4. Nominal discharge current: 10kA
5. 2mS square wave capacity: 300A
6. Maximum residual voltage at lightning current impulse 8/20 μ S: 49kV
7. 4/10 μ S high current impulse: 100kA
8. Creepage distance: 390mm
9. Lightning shock withstand voltage: 75kV
10. 1min power frequency withstand voltage: WET 28kV

Scale ---	B38*24*5	
Designed Feiru CHEN	2025/02/12	
Checked		Polymer housing type metal oxide surge arrester (gapless type)
Approved		YH10W-15/49
Project: ---		1HB.015.1005
Zhejiang Haivo Electrical Co.,Ltd
