RECCOMENDATION LETTER

Company MSF ENGENHARIA S.A via its local subsidiary MSF "INGINERIE & CONSTRUCTII" SRL, expresses sincere gratitude and deep appreciation for productive cooperation in implementation of Contractor's Site Camp project to its partner company "POLIMER" SRL.

"POLIMER" SRL is a reliable construction company which has performed activities for MSF in the period October 2015 - May 2016 and was responsible for: rehabilitation of offices in Balti and in Mihailovca site yard, rehabilitation of Contractor's laboratory, external water supply and sewage networks.

The company has reliable and competent professionals/engineers, with whom it was favorable and pleasant to work. We would like to highlight the quality of works performed by the company, which corresponds to design and quality standards.

We trust in the continuation of the existing business and friendly relationship.

Sincerely,

Adrian BEJENARU
Technical Manager
