The advantages of the agriculture in Moldova:

Progressive geographical position and mild climate favor the cultivation of early vegetable varieties, which represent a competitive advantage for Moldova. The country has a moderate continental climate, with short and relatively mild winters and long summers. Moldova has unique human skills and sufficient water resources.

Moldovan businessmen have accumulated rich experience and knowledge in the cultivation of high value crops, such as fruits and vegetables, tobacco, as well as in viticulture and wine production.

# UCIP IFAD FIND FINANCING AND CALCULATE THE COST OF INVESTMENT

The International Fund for Agricultural Development (IFAD), is a specialized agency of the United Nations

The screenshot shows the IFAD website interface. At the top, there are navigation links for 'GĂSEȘTE FINANȚARE' and 'FINANCIARE ONLINE'. The main content area features a large image of a person working in a field, with the text 'ODA ORGANIZATIA PENTRU DEZVOLTAREA ANTREPRENORIALULUI'. Below this, there are sections for 'Description', 'Activities eligibile', and 'CONTACT DATA'. The 'Description' section includes details about the organization's mission and the types of activities it supports.

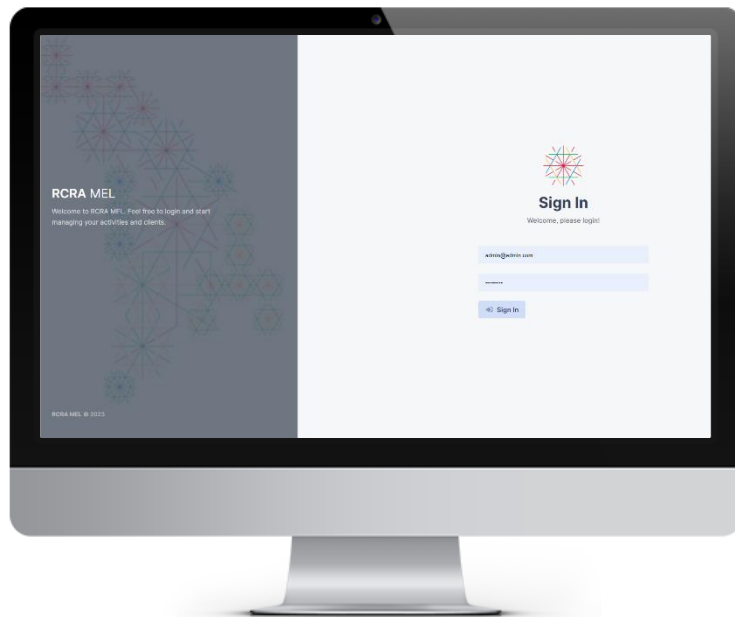

The screenshot displays a dashboard with several key performance indicators (KPIs) and charts. The top row shows four KPIs: '6 Proiecte', '29 Proiecte finalizate', '15 Organizatii', and '2 Exporti'. Below these, there are two line charts showing trends over time. The first chart is titled 'CĂȘTIGĂRI 12 LUNI' and the second is 'CĂȘTIGĂRI 14 ZILE'. To the right, there are two bar charts showing '316' and '321' with percentage changes. At the bottom, there is a 'PROIECTE POPULARE' donut chart and a 'ISTORIC FAVORITE' table.
