

Centrifuge LC-04C(80-2c)

Product Description

The Low Speed Centrifuge LC-04C is applicable for analysis of genes and nucleic acid in research institutes of biology, chemistry, medicine, and public health.

Operating Features

- Strong Plastic case with metal lid
- High Brushless motor, with mechanical door lock
- Over speed and imbalance protection
- With safety switch, stop working when open the door
- Stepless speed adjustment, LED display speed and timer
- Error code display, speed up and down adjustment

Product Specifications

Model	LC-04C	Optional rotor capacity
MAX RPM	4000 RPM	20mlx12
Max RCF	2325xg	20mlx8
Timer	0-99min	15mlx18
Rotor capacity	20mlx12	10mlx12
Voltage	100-240V 50-60Hz	20mlx6
Dimension	280x310x265mm	8mlx12
Package	340x350x330mm	
Weight	10kg
