Xerox® VersaLink® B600 Printer and Xerox® VersaLink® B605 Multifunction Printer

For a black-and-white printer or multifunction printer, the VersaLink B600/B605 is anything but basic. In fact, VersaLink sets a new standard for what you can expect in workgroup productivity from Xerox. Home or away, this highly configurable, cloud-connected workplace assistant delivers completely new capabilities that go far beyond the competition — at a competitive price.

EASY, SMART AND SECURE.

Right out of the box, you'll count on your VersaLink B600 or B605 to make your business work more efficiently. From IT-free installation wizards, to step-by-step configuration options, you're ready to go — hassle free.

Superior reliability comes from a new hardware design with fewer moving parts, strengthened paper-path components and a more advanced Hi-Q LED print head.

VersaLink devices are loaded with features designed to reduce inefficiency. Device management and user training can be done anywhere with the time-saving Remote Control Panel. Ensure information accuracy with Scan and Fax Preview¹, and do more with scanned documents with built-in optical character recognition (OCR)².

The most security-minded businesses and governments choose Xerox. We offer a comprehensive approach to print security that includes a powerful mix of built-in features and services that mitigate risk through a vigorous focus to prevent unauthorized access, detect suspect or malicious behavior, and protect data and documents.

CUSTOMIZABLE, APP-BASED FUNCTIONALITY.

The 7-inch customizable color touchscreen (5-inch on the B600) allows you to breeze through tasks with mobile-like ease. Xerox® ConnectKey Apps, accessed via the extensive Xerox App Gallery, provide expanded functionality — like the optional Xerox® Easy Translator Service app, which quickly translates scanned documents into numerous languages.

Get more done in less time by creating customized 1-Touch Apps² to automate multi-step workflows for individuals or groups.

Simply tap your new app to quickly perform the job you configured. And with Simple ID, individual users and groups enter a user ID and password once to experience fast, secure access to task-specific presets and commonly used apps on a personalized home screen.

CLOUD AND MOBILE CONNECTIVITY.

The VersaLink B600 Printer and VersaLink B605 Multifunction Printer give you the freedom to work where and how you want — with access to Google Drive™, Microsoft® OneDrive®, DropBox™ and additional options through the Xerox App Gallery.

The ability to connect and print from multiple devices is key for today's worker, and VersaLink devices meet the challenge with Apple® AirPrint®, Google Cloud Print™, Xerox® Print Services plug-in for Android™, Near Field Communication (NFC) Tap-to-Pair and Mopria®, plus optional Wi-Fi and Wi-Fi Direct.

INTRODUCING TOUCHSCREEN SUPERIORITY.

Meet the industry's most advanced color touchscreen interface. Whether 7-inch (B605) or 5-inch (B600), it's a user experience that sets a higher standard for customization, personalization and versatility.

By presenting a familiar "mobile" experience — with support for gestural input and task-focused apps that share a common look and feel — fewer steps are needed to complete even the most complex jobs.

A highly intuitive layout guides you through every task from start to finish, with a natural hierarchy placing critical functions near the top of the screen and commonly used options front and center. Don't like where a function or app is located? Customize the layout to make it yours.

This unmatched balance of hardware technology and software capability helps everyone who interacts with the VersaLink B600 Printer and VersaLink B605 Multifunction Printer get more work done, faster.
