

The VIPER 9H is actually made as an additional module for example as children emergency module, surgery or first-aid module or other special equipment in addition to the Viper 34 TX. It can also be used as a large ampoule case.

- Main case with a modular system that can be adapted to any requirement. All inside pockets can be fixed, removed, interchanged or expanded and freely placed with our velcro system.
- Removable shoulder strap.
- **IKS** Individual Labeling System.
- A robust handle.
- Reflectors for better visibility..
- Corners and edges are made of reinforced material for a better protection.
- Attachment option at the bar of the Viper 44 Trolley
