Accessories

Features

P Intellect Neo Vacuum Sponge Kits

Q Vacuum Sponges

Available in the following sizes: 30 mm, 60 mm & 90 mm. 4 per pack.

R Patient Data Cards

Patient data cards allow patient modality and pain profile information to be recorded from the Intellect Advanced unit and reviewed on the PC, or filed with the patient's treatment records for use in future treatment sessions.

S Rubber Electrodes

Rubber electrodes are available in the following sizes: 4 x 6 cm, 6 x 8 cm, and 8 x 12 cm.

T Electrode Sponges

Electrode Sponges are available in the following sizes: 4 x 6 cm, 6 x 8 cm, and 8 x 12 cm.

U HiVolt Probe

The HiVolt Probe Kit includes a lightweight HiVolt Probe and two sponge covered applicator tips (15 mm and 8 mm).

V Microcurrent Probe

An optional microcurrent probe to compliment the Intellect® Advanced line of electrotherapy. It consists of an ergonomic handheld probe with switch and 2 electrode applicator tips (4.7mm and 1.6 mm balls).

W Intellect Advanced Carrying Bag

A ruggedly constructed bag to easily transport the Intellect Advanced unit. All bags are specially designed to hold the unit securely in one side and compartmentalize all necessary accessories in the other.

X Intellect Mobile Carrying Bag

The perfect, ergonomically designed bag to easily allow transport of any Intellect Mobile unit. All bags are specially designed to hold the unit securely in place while providing additional storage for all necessary accessories.

Y Intellect Mobile Battery Pack

A self-contained Nickel Metal Hydride battery that stores conveniently in the bottom of the Intellect Mobile Ultrasound, Stimulation, Combination, or Laser Unit.
