

Field Service Information No. 07/12

- Dialog + SW 9.xx** **New Spare Part: Pressure monitoring module PA/PV for Dialog+ SW 9.xx SW 9.12**
 ≥ SW 9.12 **(only for single pump machines)**

1. Modified Spare Part

The Dialog+ SW 9.xx, with SW ≥ 9.12 can be manufactured with a level regulation module, or with a pressure monitoring module.

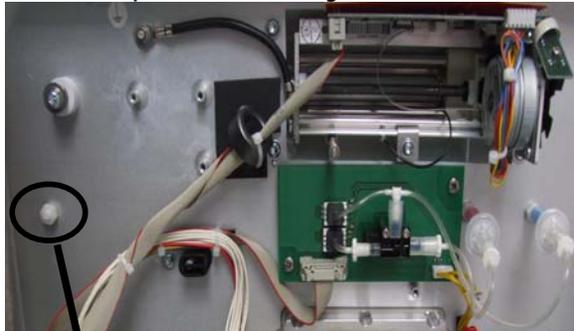

2. Service Activities

The machine cannot be converted from a pressure monitoring module to a level regulation module, and vice versa.

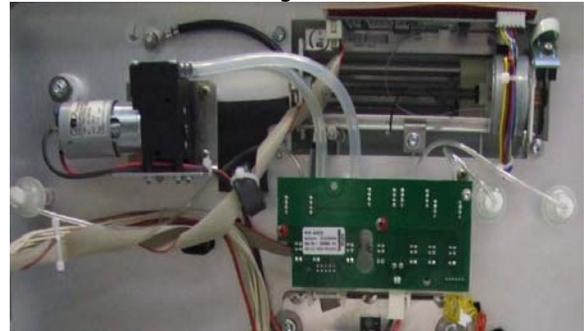

In the TSM / Low Level Options, the level regulation module has to be activated / deactivated.
