SQUARE AND ROUND SAFETY LANCETS

Easy to use, comfortable, safety lancets to meet various capillary blood requirements.

- **single-use:** the build-in-self-destructing design can prevent reuse of the device
- **no accidental injury risk:** needle is hidden before and after use to prevent accidental injuries
- **sterilization guaranteed:** the lancet is Gamma sterilized and the needle tip is protected with a sterility tab until its use allowing a long shelf life
- **no blood contamination**

If the blood touched the lancet tip, conversely insert the cap into the lancet for disposal to avoid blood contamination.

Dual-Spring Push-Pull design to eliminate needle vibrations. Ultra-sharp tri-bevel needle

1 Remove the protective cap.
 2 Push gently against the testing site.
 3 Dispose of safety lancets in sharps container.

Easy to use pre-loaded and pressure activated device

High quality tri-bevel needle high-speed penetration with single spring
