

FOREIGN BODY FORCEPS

QUALITY CRAFTED FOR HIGH PRECISION CONTROL

Due to the ergonomic 3-ring handle the one-time foreign body forceps can be used with ease and comfort. Each movement is passed exactly to the forceps – even in angled body regions. The calipers themselves are made

of high quality material and are perfectly manufactured. These qualities allow you to grab firmly, guaranteeing safe foreign body retrievals. The range includes forceps for gastroenterology, pneumology, paediatrics and urology.

SPECIFIC CHARACTERISTICS

- High-quality processing
- Covering with markings
- Ergonomic 3-ring handle
- Easy and safe operation
- Different areas of application
