~ Silicon-containing tread compound

New Silicon-containing tread compound improves grip on wet road conditions and reduce rolling resistance, provide safety ride and reduce fuel consumption.

~ "Skiving" pattern

"Skiving" pattern design. Stereoscopic straight line "Skiving" pattern design absorb shakes from road, and provide a more comfortable driving.

~ Silence design

Silence pitches design. Computer-simulated tread pitches design reduces the driving resonance with excellent quiet and comfortable ride.

~ Big block pattern

Big block pattern in the outside. Big block in the outside ensure the great rigidity, handling and sport performance.
