Future Technologies Activity in Moldova

Funded by USAID and Sweden

Maria Cebotari Str, 55

Chisinau, Moldova

Subject: Recommendation Letter for Indigo Grup SRL

To whom it may concern:

On behalf of the Future Technologies Activity (FTA), implemented by Chemonics International Inc. and financed by the United States Agency for International Development (USAID) and Sweden, I would like to thank "Indigo Grup" SRL for their high-quality work providing communications, design, social media and PR services for the Future Technologies Activity and its predecessor project Moldova Competitiveness Project (MCP), financed by USAID, Sweden, and UK aid.

The "Indigo Grup" SRL team provided excellent support in design, communications, and social media management services for various public outreach campaigns, including for the wine industry "Vinul Meu" and the "EPosibilAcasa" closing communications campaign of the MCP.

The communications and visibility of the Moldova Competitiveness Project would not have been a success without Indigo Group's help and support. We would recommend Indigo Grup's services without reservation to others, and we look forward to future opportunities to work with the team.

Sincerely,

Olesea Galusca,
Creative Industries Development Manager,
Future Technologies Activity in Moldova
Funded by USAID and Sweden
