Notes:

1. **REF Catalog** is usually affixed to the device(s) in the form of a product identification or model on the rating label.
2. **H-Catalog Number** identifies the device(s) in the manufacturer's catalog and is usually included on commercial documents like sale contract, order processing documents and shipping documents.
3. Probes and Accessories may carry the CE-mark and, when applicable, the Notified Body number corresponding to the EC Declaration under which the products are CE-marked by their manufacturers. GE Ultrasound Korea, Ltd. has verified the mutual compatibility of the devices in combination with LOGIQ E10s and included relevant information to users with the LOGIQ E10s instructions for use. This activity was subject to appropriate methods of internal control and inspection.
