COMMENTS -

### THIS CERTIFICATE IS IN ACCORDANCE WITH EN 10204-2.1

I hereby certify that all items supplied on this shipment have been inspected and comply with Timken's standard specifications for material and quality and, if explicitly required by the contract or applicable law, but subject to any exceptions about which the customer has been notified, the design authority's current drawings and specifications for the applicable item. Reports indicating conformance are available for inspection at the plant of manufacture (certified ISO 16949 / ISO 9001) upon reasonable notice during normal business hours. Timken has eliminated the use of all ozone depleting chemicals from its manufacturing operations. Therefore, the bearing and steel products manufactured by Timken contain no listed Class I or Class II ozone depleting substances. Further, the bearing and steel products manufactured by Timken do not contain or exceed the reporting requirements for Mercury, Cadmium (except where used as a coating per the customer's request), Hexavalent Chromium, Asbestos, Lead, Polybrominated biphenyls (PBB) and polybrominated diphenyl ethers (PBDE) or other Substances of Concern.

subcontracted products (components and/or finished items) furnished under this order have been manufactured to meet Timken's specifications, and, if explicitly required by the contract, the customer's specifications.

This Certificate of Conformance does not alter or add to the warranty or remedy granted by Timken under the contract.

Explicitly required by the contract, serialized product will be documented on a separate page.
