

Medical Electric Saw RJ-PS (NS-1511)

IMAGE	Technical data
	Medical electric saw - oscillating saw Working voltage: 14.4V Output power: 150W Non-loading frequency: 0-18000cpm Noise: ≤75dB; Sterilization method: autoclavable 135° C Handpiece weight: 1180g Locking system: Bottom cover
	Battery charger: NM5-C103 Input voltage: AC110V-60Hz and 220V,50HZ Output voltage: 14.8V Battery charger status: light indicator. Charging time: 2-3 hours. It can charge one battery each time.
	Re-chargeable battery PJDC1440 Voltage: 14.8V 3000mAh Fully charged working time: 20 min non-stop

Aseptic battery transfer kit NM5-D301

Effective length: 90 mm
