

**SOCIETE GENERALE
WARSAW
JUNE 1, 2023**

Assumptions

A thematic tasting of Moldovan wines during the annual meeting of the management teams of the Societe Generale bank in Warsaw. It is to be a presentation of various wine producers, which will show the diversity of wine regions of Moldova, the impact of geographical location on wine, as well as micro and macro climate factors. During the tasting, issues of Moldova's wine traditions over the years, starting from ancient times, will also be discussed. Local endemic strains, their history, genesis and taste characteristics will also be discussed.

Event Summary

The event promoting Moldovan wine during the annual meeting of key clients, managers and the board of Societe Generale in Warsaw took place on June 1st at the Verte hotel. During the presentation, participants learned about 7 different wineries from Moldova, their history, and geographical factors that affect wine production in this country. The presentation began with sparkling wine, then we discussed white wines, with a presentation of endemic white varieties, and finished with red wines. During the two-hour meeting, we tasted 7 wines, showing the best possible different styles of wines and producers. At the end of the tasting, each participant received a souvenir - one bottle of red wine from Moldova.
