

Authorized Body 227

Building Research Institute in Prague – Certification Company, Ltd.

Notified Body 1516, Certification Body for QMS, OHSAS, ISMS, EMS, Products and Qualification. Testing Laboratory

Decision on authorization No. 32/2006 of 31th August 2006

PRODUCT CERTIFICATE

No. 227/C5/2018/0040

The Authorized Body confirms in accordance with the provision of §5, clause 2 of the Government Regulation No.163/2002 of the Coll., in the wording of the Government Regulation No.312/2005 of the Coll., in the wording of the Government Regulation No.215/2016 of the Coll., which stipulates technical requirements on the specified construction products, that for the product:

name of the products: **Structured-wall pipes of PP ø 150 to 800 mm, SN 4 and SN 8**

intended use: Piping systems for non-pressure underground drainage and sewerage

producer: **PEŠTAN d.o.o.**
1300 Kaplara 189, RS-34301 Bukovik, Arandjelovac, code of the country: 688
Serbia

the documentation submitted by the producer was reviewed, the initial type testing of the product samples and initial inspection at production plant were carried out, the production control system of the producer was assessed, and there was found out that the product meets the technical requirements specified at the Building Technical Approval No.: 227-STO-09-0128 of 8th January 2009 as amended No. 1/18 of 1st April 2018, which relate to the essential requirements for the construction works.

Authorized Body has found out that the production control system performed by the importer conforms to the relevant technical documentation and ensures that the products placed on the market meet the requirements established at the above mentioned technical regulations and the Building Technical Approval and conform to the technical documentation according to §4, clause 3.

Protocol No. 227-P5-09-0128 of 3th April 2009 as amended No. 227-P5-09-0128/1 of 1st April 2018 which involves the results of the findings, verification and the test results, fundamental description of the certified products necessary for their identification, is an integral part of this certificate.

Authorized Body 227 carries out at least once a year a surveillance on the proper operation of the checking production control system performed by the importer, takes product samples, performs their tests and reviews if the product characteristics conform with technical regulations and the Building Technical Approval determined standards according to the provision of §5, clause 4 of the above mentioned Government Regulation. In case that the Authorized Body finds faults, it is empowered to withdraw or to change the certificate.

This certificate cancels and replaces the certificate No. 227C5/2009/0128 of 3th April 2009.
