

### SIMPLE CAP

1. Made from medical grade PE or ABS
2. With standard female lure lock
3. Tight fitting, good bio-compatibility, used for disposable syringe
4. 100% imported material, No leakage, no broken
5. Yellow, Red, White, Transparent, Blue color are available
6. EO sterile
7. Individual hard blister packing, 100pcs/box, 5000pcs/carton

### NEEDLE FREE CONNECTOR

- 1: The internal space is designed without dead space. It can reduce blood and drug sediment.
- 2: Transparent housing material: Polycarbonate or Co-polyester.
- 3: Metal-free & compatible with MRI.
- 4: Latex free.
- 5: Multiple insertion at least 100 times a day.
- 6: Priming volume: 0.09ml
- 7: Perfect flowing rate: 350ml/min under one meter water pressure.

### THREE WAY STOPCOCK

1. Made from medical grade PC, PE, PVC
2. 360 rotation, Two female lure and with one male adapter connector
3. Leak proof at 600kpa for 30seconds
4. Flow rate in excess of 250ml/min
5. 100% imported material, No leakage, no broken
6. EO sterile, tight fitting, blue, white, and red color available
7. Individual blister packing, 50pcs/box, 1000pcs/carton

### THREE WAY STOPCOCK WITH EXTENSION TUBE

1. Made from medical grade PC, PE, PVC
2. 360 rotation, with two male lure connector and one extension tube
3. Tube length: 10cm; 15cm; 20cm; 25cm; 50cm; 100cm ID:
4. Flow rate in excess of 250ml/min
5. 100% imported material, No leakage, no broken
6. EO sterile, tight fitting, blue, white, and red color available
7. Individual blister packing, 50pcs/box, 1000pcs/carton

### EXTENSION TUBE

1. Made from medical grade PC, PVC
2. Soft tube, kink resistant
3. Tube length: 10cm; 15cm; 20cm; 25cm; 50cm; 100cm; 150cm; 175cm; 200cm; 300cm.
4. One male and one female lure connector
5. 100% imported material, No leakage, no spot
6. EO sterile
7. Individual blister packing, 50pcs/box, 1000pcs/carton

### I.V CATHETER -PEN LIKE

1. Pen-like with plastic protector (single or double)
2. Bevel needle for easier, less a traumatic insertion
3. Thin wall FEP catheter with 3 embedded X-Ray contrast lines provides high flow rate
4. Flexible and kink resistant catheter
5. EO sterile
6. Individual blister packing, 50pcs/box, 1000pcs/carton
7. Needle Gauge:

Size	24G	26G	28G	30G	32G	34G	36G
Color	Orange	Grey	Green	Pink	Blue	Yellow	Purple
Flow (L.B.S. Liter)	2.5ml/30s	1.5ml/30s	1.2ml/30s	1.0ml/30s	0.8ml/30s	0.7ml/30s	0.6ml/30s
