**PREGNA**  
INTERNATIONAL LTD.

dream...

# Company Profile

Since inception, Pregna International has touched lives of about 75 million women across 105 countries and empowered them with the power to organize their lives. Pregna International has been a pioneer in Women Health Care in India.

## **BRIEF HISTORY**

A promising player in the field of Health Care, Pregna International was established in the year 1989. With a State of the art manufacturing set up at Chakan (140 km from Mumbai). Pregna was set up to manufacture IUDs. To accommodate the growing demand of IUDs, Pregna expanded its manufacturing base by setting up another plant at Daman (180 kms north of Mumbai) in the year 2002. Today, Pregna International is a truly global company serving millions of consumers worldwide.

## **CERTIFICATIONS**

Pregna has a prime focus on quality systems to ensure continuous and consistent product quality. Pregna has subscribed to ISO 9001:2008, ISO 13485 and WHO-GMP certification for maintaining its quality systems. Pregna is also the first Asian company to obtain CE certification from DNV (Norway) for its products such as the Silverline, Safe Load, Inara Cu 375, Inara Cu 375 Sleek, Inara Cu 250 & Copper T380A.

## **CORE VALUES**

People at Pregna share a commitment to four core corporate values: Caring, Integrity, Leadership & Trust. These values are truly reflected in the quality of products and the reputation of Pregna.

## **PREGNA'S MISSION**

Continuous enhancement of economic well being of stakeholders through businesses in health solutions, medical devices and instruments.

# Silverline

Silverline is a unique product, which takes the comfort and convenience of using a contraceptive method to a new level. It is a perfect solution for women who want to space their children or are looking for long term reversible contraception with absolute comfort.

## ADVANTAGES OF SILVERLINE

- Silverline's flexible arms offer a perfect fundal placement
- Silverline is gentle during insertion and removal
- In Silverline the copper wire has Silver Core, which prevents copper wire from fragmenting
- Silverline offers a long term protection (upto 5 years)

Available Silverline Cu 380Ag & Silverline Cu 200Ag
