

THUASNE®

## To whom it may concern

With this letter, we,

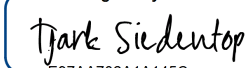

THUASNE Deutschland GmbH Im Steinkamp 12, D-30938 Burgwedel Deutschland – Germany

**SRN (Single Registration Number): DE-MF-000006210**

do confirm that the line Lingerie Serena Victoria bra it's a Special bra, adapted for the use of external breast prostheses, with pockets on both sides. Convenient pockets of cotton for fixing the mammary gland prosthesis or other functionally equivalent material, according to the intended purpose, are fixed in both cups for fixing the mammary gland prosthesis.

The fine high line of the neckline allows to hide the traces of the surgical intervention. The wide straps are comfortable, adjustable for individual adjustment of the bra height. The width of the straps increases with the size of the bra. The wide line of the side detail (circumference band) excludes discomfort and blood circulation disturbance, hides surgical scars. The width of the girth band and straps increases with the size (the larger the size, the wider the girth band and straps are). The circumference of the bra can be adjusted with a multi-level hook-and-eye cuff on the back.

For THUASNE
