RONDO 3

Audio Processor

RONDO 3 is the perfect choice for users who want both simple handling and connectivity as well as superior hearing performance. The integrated battery charges wirelessly within 3 hours to provide enough power for all day hearing. And for extra peace of mind on the go, RONDO 3's battery level can even be easily checked directly on a smartphone or via the LED indicator lights.

Whether it's engines on the road or nearby conversations in a restaurant, noise everywhere can disrupt the understanding of speech. But not with RONDO 3. Two directional microphones, three types of enhanced noise reduction and Adaptive Intelligence provide for superior hearing performance in any environment.

For enhanced ease of use, RONDO 3 is delivered pre-charged—so fitting can be done right away. RONDO 3 also allows wireless audio streaming via AudioLink and connects wirelessly to *Bluetooth*® enabled devices.
