“Subcontractor” includes all lower tier subcontracts and orders issued by the subcontractor (if any)

N.2 ORDER OF PRECEDENCE

N.3 SUBCONTRACTOR DUTIES/OBLIGATIONS

Subcontractor shall provide the necessary personnel, facilities, equipment, and materials to perform the work described in this Subcontract. Notwithstanding the right of Prime Contractor to review Subcontractor's effort and progress, it is expressly understood that Subcontractor is completely responsible for compliance with the terms, conditions, and clauses of this Subcontract and any reviews or approvals given by Prime Contractor do not relieve Subcontractor of this responsibility. The failure of Prime Contractor to insist on strict performance of any of the terms and conditions in this Subcontract, or to exercise any of its rights or remedies, shall not be construed as a waiver of its rights to assert any of the same or to rely on any such terms or conditions thereafter.

N.4 INDEPENDENT CONTRACTORS

(a) Subcontractor and Prime Contractor agree that in all matters arising under or relating to this Subcontract, each shall be acting as an independent contractor and the employees of one shall not be deemed to be employees of the other. Accordingly, nothing in this Subcontract shall render any employee of the Subcontractor an employee, agent or partner of Prime Contractor and no employee of the Subcontractor shall hold themselves out as such. Prime Contractor shall not be liable for any of the acts or omissions of the Subcontractor and/or its employees. Further, as

between Prime Contractor and the Subcontractor, the Subcontractor shall be solely responsible for the payment of compensation of its employees and for any worker's compensation, disability benefits, unemployment insurance, withholding or employment-related taxes for its employees.

(b) This Subcontract applies only to the effort described herein and to no other effort undertaken by the Prime Contractor or Subcontractor, either jointly or separately. The Subcontractor shall assume and pay all liabilities and perform all obligations imposed with respect to the performance of this Subcontract

(c) Subcontractor shall have no right, power, or authority to create any obligation, express or implied, on behalf of Prime Contractor or its customers and shall have no authority to represent Prime Contractor as an agent. This Subcontract is not intended to constitute, create, give effect to or otherwise recognize a joint venture, agency, partnership, or formal business organization of any kind, other than a prime/subcontractor arrangement, and the rights and obligations of the Parties shall only be those expressly set forth herein.

(d) Nothing herein shall be construed as providing for the sharing of profits, losses, or liabilities arising out of the efforts of any of the Parties.

N.5 ITEMS BY REFERENCE

All specifications, exhibits, drawings, Federal Acquisition Regulations and supplement clauses or provisions, or other documents, which are referenced in this Subcontract but are not attached hereto, are hereby incorporated by reference. Items incorporated by reference have the same force and effect as if they were given in full text.

N.6 ENTIRE AGREEMENT

This Subcontract constitutes the entire agreement between Prime Contractor and Subcontractor. All pre-award communication, whether written or verbal, between the parties with reference to the subject matter of this Subcontract is hereby canceled and superseded.

N.7 WRITTEN MODIFICATIONS

No modification of this Subcontract shall be binding upon Prime Contractor or Subcontractor, unless in writing and signed by both Parties or, in the case of unilateral modifications, by the Prime Contractor only. Examples of unilateral modifications include modifications invoking the Changes clause, providing incremental funding, making administrative changes, or exercising options.

N.8 SEVERABILITY

If any term or provision of this Subcontract shall be determined to be void, illegal, or otherwise unenforceable by a court of competent jurisdiction, such determination shall not invalidate the whole of this Subcontract, but such term or provision shall be deemed modified to the extent necessary in the court's opinion to render such term or provision enforceable, and the rights and obligations of the parties shall be construed and enforced accordingly, preserving to the fullest permissible extent the intent and agreements of the parties herein set forth.

N.9 TITLES AND CAPTIONS

Titles and captions used in this Subcontract are for convenience of reference only and shall not be construed as limiting or extending the language of the provisions to which such captions may refer.

N.10 GOVERNING LAW

This Subcontract shall be governed by, enforced and interpreted according to the Federal common law, statutes, and regulations applicable to interpreting Federal Government Contracts ("Federal Government Contract Law"). To the extent that Federal Government Contract Law does not resolve a particular issue, the laws of the State of Maryland shall apply.

N.11 DISPUTES

In the event the senior representatives are unable to reach a decision within 15 days after referral of any disagreement, question, claim, controversy or dispute referred to them, the matter shall be referred to final and binding international arbitration. Such arbitration shall be held in Moldova or a mutually agreed location.

- (1) The decision of the arbitrator shall be final and binding upon both Parties as to law and fact and may be filed for execution with any court of competent jurisdiction.
- (2) The Parties shall share equally in the cost of the arbitrator; however, each Party shall be responsible for its own filing fees and expenses, including but not limited to attorney costs, witness costs, and travel expenses.
- (3) The arbitrator shall not have the authority to award any incidental, consequential, special (including multiple or punitive), or other indirect damages to the other Party whether such claim arises under contract, tort (including strict liability), or other theory of law, and each party irrevocably waives any right to recover such damages.
- (4) With respect to any dispute where the requested relief is injunctive or declaratory in nature, either Party reserves the right to initiate action in State or Federal Court in Maryland if such Party determines, in its own discretion, that an arbitral forum does not have the requisite authority to issue the requested injunctive or declaratory relief.

(c) Pending settlement or final decision of any such dispute, Subcontractor shall proceed diligently with the performance of this Subcontract in accordance with the direction of Contractor.

(d) If the Subcontract is a first tier subcontract issued under a Government prime contract, Contractor may consider requests from the Subcontractor to appeal in Contractor's name any final determination of the Government Contracting Officer which affects the Subcontractor only; provided, however, that the Subcontractor shall itself prosecute such appeal and pay any and all costs to Contractor (including reasonable attorney's fees) in connection with or resulting from such appeal. Contractor, in its sole and absolute discretion, shall determine whether or not to grant such Subcontractor requests. The decision rendered in any such appeal shall be final and

binding on the Subcontractor. In the event the Subcontractor elects to appeal under this provision, the decision of the court or board is binding on the Subcontractor and the remedies are exclusive.

(e) Any prime contract Disputes clause (e.g., FAR 52.233-1) that may be flowed down to this Subcontract is for informational purposes only as this clause (N.11) applies. This clause (Clause N.11) will govern disputes between Contractor and Subcontractor, not the prime contract Disputes clause.

(c) In those cases in which the Subcontractor's liability may result in liability to the Prime Contractor, the Prime Contractor shall have the right to participate in the litigation or claim as authorized by the cognizant forum and as necessary to protect its interests.

(d) If as a result of any decision or judgment of any Government agency or court which is binding upon or otherwise affects the Buyer, Buyer is unable to obtain reimbursement or payment from the Government under the Prime Contract for, or is required to refund, pay or credit to the Government, any amount with respect to any item of cost or fee for which Buyer has reimbursed Seller, Seller shall, on demand, promptly repay any such amount to Buyer.

This Subcontract may not be assigned or otherwise transferred by Subcontractor, in whole or in part, without the express prior written consent of Prime Contractor. For purposes of this section 13, a transfer requiring approval by URS includes any transfer of the majority of the ownership interest in Subcontractor, even if Subcontractors legal entity remains unchanged.

N.14 SUBCONTRACTS, NEXT TIER

The Subcontractor shall not further subcontract or delegate its obligations under this subcontract without the prior written consent of Prime Contractor. If such consent is granted, Subcontractor shall be solely responsible for ensuring its next tier subcontractors' full compliance with all terms and conditions of this Subcontract.

The Disputes clause referenced, if any, shall be the Disputes clause in this Section N.

N.30 ORGANIZATIONAL CONFLICTS OF INTEREST

(a) "Organizational Conflict of Interest" means that because of other activities or relationships with other persons or entities, a person is unable or potentially unable to render impartial assistance or advice to Prime Contractor or Prime Contractor's customer, or the person's objectivity in performing work is or might be otherwise impaired, or a person has an unfair competitive advantage. "Person" as used herein includes Corporations, Partnerships, Joint Ventures, and other business enterprises.

(b) By signing this Subcontract, the Subcontractor warrants that to the best of its knowledge and belief, it does not have any organizational conflict of interest(s) as defined in paragraph (a) or any conflict of interest flow-down clause found elsewhere in this Subcontract.

(c) Subcontractor shall promptly notify Prime Contractor in writing if an organizational conflict of interest subsequently emerges or is likely to emerge. Subcontractor agrees to comply with reasonable instructions from Prime Contractor to mitigate or eliminate the conflict or threat of conflict.

N.31 EXPORT CONTROLS AND FOREIGN CORRUPT PRACTICES ACT (FCPA)

(a) Subcontractor shall comply with all applicable U.S. International Traffic in Arms Regulations and the U.S. Export Administration Regulations, and will notify Prime Contractor in writing if any activity or deliverable under this Subcontract is governed by such laws or regulations. Without limiting the foregoing, Subcontractor shall not transfer any export controlled item, data or services, to include transfer to foreign persons employed by or associated with, or under contract to Subcontractor or Subcontractor's lower-tier suppliers, without the authority of an Export License or applicable license exception. Additionally, travel to foreign countries under this Subcontract must be approved in advance following Prime Contractor

procedures to ensure compliance with all applicable U.S. International Traffic in Arms Regulations and the U.S. Export Administration Regulations.

(b) Subcontractor shall immediately notify Prime Contractor if any U.S. Government entity denies, suspends or revokes, in whole or in part, the export privileges of the Subcontractor or its lower-tiered suppliers.

(c) Subcontractor shall indemnify and hold the Prime Contractor harmless for all claims, demands, damages, costs, fines, penalties, attorney's fees, and all other expenses arising from the Subcontractor's noncompliance with this clause or the International Traffic in Arms Regulations and the Export Administration Regulations.

(d) Parties shall abide by the FCPA which forbids certain payments and other practices in connection with the overseas business activities of U.S. companies. As the FCPA carries criminal and monetary penalties and are investigated and prosecuted by the U.S. Government, the Parties agree to take all reasonable steps to ensure compliance.

N.32 INVOICES

(a) Each invoice must have a unique invoice number that does not duplicate any other invoice number that Prime Contractor may receive from the Subcontractor. Prime Contractor will only make payment(s) based on an original invoice. Each invoice shall indicate whether invoice is initial, interim, or final invoice for the Subcontract or Subcontract Order, as appropriate. The prime reserves the right to request further invoice documentation as required to support government requests or audit requirements.

(b) The Prime Contractor's Order Number must appear on the invoice. The Order Number appears on the cover/award page of the Subcontract or Subcontract Order, as appropriate.

1. (c) The subcontractor shall submit invoices with completed Progress Payment Request form to:

- b. 31 July 2016 - \$200,000 subject to verification by URSFSI that work progress is satisfactory and work performance is acceptable. Retainage may be withheld for unsatisfactory work or performance.
- c. 31 August 2016 - \$200,000 subject to verification by URSFSI that work progress is satisfactory and work performance is acceptable. Retainage may be withheld for unsatisfactory work or performance.
- d. 30 September 2016 - \$200,000 subject to verification by URSFSI that work progress is satisfactory and work performance is acceptable. Retainage may be withheld for unsatisfactory work or performance.
- e. 31 October 2016 - \$200,000 subject to verification by URSFSI that work progress is satisfactory and work performance is acceptable. Retainage may be withheld for unsatisfactory work or performance.
- f. Final - \$262,628 plus retention from prior payments after U.S. Government acceptance of all work and receipt of all deliverable documents.

(d) The Subcontractor shall resolve any billing discrepancies on the invoice subsequent to discovery of the error. Adjustments shall appear in a separate clearly labeled row on the adjusting invoice.

(e) The Subcontractor shall not allow a lapse of more than 90 calendar days between incurrence of a cost and receipt of an invoice by Prime Contractor for that cost ("over-aged cost"). For this clause, a cost is "incurred" on the date that it is entered, or should have been entered, in the Subcontractor's accounting records. Breach of this requirement permits the Prime Contractor at its sole discretion to disallow over-aged direct or indirect costs.

(f) In general, Subcontractors shall invoice in the same detail as contained in the bid schedule of the respective Subcontract/Order. For example, if a Subcontract/Order requires delivery of hours by certain labor categories, Subcontractor must invoice by those same categories. This will be true on all time-and-material subcontracts/orders. On its invoices, Subcontractor shall certify that the employees that Subcontractor or its lower-tier subcontractors provide to perform work on contracts that have labor category qualification requirements (e.g. education and experience), meet (or exceed) those stated labor category qualification requirements. In the event that the Subcontractor or its lower-tier subcontractors provide any personnel that do not meet the stated labor category qualification requirements, Subcontractor shall bear full responsibility for any and all financial adjustments, penalties and/or settlements related to such non-compliance. Subcontractor shall indemnify and hold harmless the prime Contractor for any loss, liability, damages, costs or expenses (including without limitation reasonable legal fees) caused by, arising out of or associated with Subcontractor or lower-tier subcontractors providing personnel to perform work on contracts that do not meet stated labor category qualification requirements. Subcontractor may leave detailed costs blank where necessary to protect proprietary cost data. Fully loaded costs by labor category shall not be considered detailed costs and must be disclosed at prime contractor's request.

(g) An attachment listed in Section J provides the preferred invoice format. This format may not be compatible with Subcontractor's existing billing system, in which case Prime Contractor will accommodate variations that provide essentially the same information.

N.33 PAYMENT

Prime Contractor shall mail/transmit payment within 45 days of receipt of a proper invoice. Prime Contractor reserves the right to withhold payments, for example, pending receipt of progress reports, deliverables, or in situations involving HSE compliance to account for priority materials, to adequately support customer line items, SCA compliance, or other similar compliance issues.

If: (i) Prime Contractor's contract price or fee is reduced; (ii) Prime Contractor's costs are determined to be unallowable; (iii) any fines, penalties, withholdings, or interest are assessed on the Prime Contractor as a result of any violation of the Subcontract, applicable laws, orders, rules, regulations, or ordinances by the Subcontractor, its officers, employees, agents, suppliers, or subcontractors at any tier, Prime Contractor may make a reduction of corresponding amounts (in whole or in part) in the price of this Subcontract or any other contract with Subcontractor, and/or may demand payment (in whole or in part) of the corresponding amounts. Subcontractor shall promptly pay amounts so demanded.

Unless otherwise specified, the Subcontract prices include all applicable federal, state, and local taxes, duties, tariffs, and similar fees imposed by any government including foreign governments.

N.34 AUDIT

The Subcontractor's attention is directed to any Audit clause(s) (e.g., FAR 52.215-2) that may be flowed down to this Subcontract. Such clauses require the Subcontractor to maintain, and allow the Government to examine, records that support costs incurred directly or indirectly in performance of this Subcontract.

N.35 SETOFF

Whenever under this Subcontract any sum of money is recoverable from or payable by the Subcontractor, the same may be deducted from any sum then due or which at any time thereafter may become due to the Subcontractor, under this Subcontract or any other contractual agreement between the Subcontractor and Prime Contractor or its affiliate companies.

N.36 DEOBLIGATION REQUESTS

This clause applies only to cost reimbursement and time-and-materials subcontracts/orders. The Prime Contractor's customer may request data from the Prime Contractor (such as cost-to-date, outstanding commitments, estimate-to-complete, and estimate-at-completion) with the objective of deobligating anticipated surplus funding so that it can be used elsewhere. Such requests typically require short turnaround times and occur towards the end of the Government fiscal year, towards the end of a particular prime contract/order period of performance, or in response to higher headquarters' budget drills. In such cases, Prime Contractor may request similar data from the Subcontractor. Subcontractor agrees to cooperate fully and promptly with such data requests and to promptly execute resultant Subcontract deobligation modifications as appropriate.

N.37 SUBCONTRACT CLOSEOUT

(a) Subcontractor shall promptly comply with Prime Contractor requests to close out this Subcontract or Orders hereunder. Examples of closeout actions include but are not limited to the following:

(b) If requested by the Prime Contractor, Subcontractor shall promptly negotiate in good faith to close out subcontracts/orders in advance of final audited rates ("quick close out") under cost-reimbursement and time-and-material subcontracts/orders.

(c) The Parties hereby agree to waive final invoice amounts due or payable in amounts of \$100 or less on this Subcontract or Orders hereunder.
