

# Technical Data Sheet

<b>Product name:</b>	Yellow autoclavable medical waste bag 30L	Yellow autoclavable medical waste bag 50L	Yellow autoclavable medical waste bag 120L	Yellow autoclavable medical waste bag 50	Yellow autoclavable medical waste bag 110L
<b>Dimension:</b>	0.05x500X605mm	0.05x609.6X762mm	0.05x725X1100mm	0.05x609.6X762mm	0.05x762X965.2mm
<b>volume:</b>	30L	50L	120L	50L	110L
<b>Material:</b>	100% Polyethylene (PE)	100% Polyethylene (PE)	100% Polyethylene (PE)	100% Polypropylene (PP)	100% Polypropylene (PP)
<b>Recycled content:</b>	0%	0%	0%	0%	0%
<b>Master batch:</b>	Yellow	Yellow	Yellow	Yellow	Yellow
<b>Recyclable:</b>	100% recyclable	100% recyclable	100% recyclable	100% recyclable	100% recyclable
<b>Printing:</b>	Black ink color (meet ROHS and Reach)	Black ink color (meet ROHS and Reach)	Black ink color (meet ROHS and Reach)	Black ink color (meet ROHS and Reach)	Black ink color (meet ROHS and Reach)
<b>Plastic twist ties:</b>	NA	NA	NA	NA	NA
<b>Reference number:</b>	123206	123206	123206	123206	123206
<b>Quality standard</b>	1. Biohazard symbol 2. High mechanical resistance, doesn't allow fluid leakage 3. Easy to close the bag	1. Biohazard symbol 2. High mechanical resistance, doesn't allow fluid leakage 3. Easy to close the bag	1. Biohazard symbol 2. High mechanical resistance, doesn't allow fluid leakage 3. Easy to close the bag	1. Biohazard symbol 2. High mechanical resistance, doesn't allow fluid leakage 3. Easy to close the bag 4. Resistant to temperature higher than 121°C	1. Biohazard symbol 2. High mechanical resistance, doesn't allow fluid leakage 3. Easy to close the bag 4. Resistant to temperature higher than 121°C
<b>Film strength function</b>	At least 165gram impact Resistance test as defined by ASTM D1709 Free Falling Dart At least 89 gram tear test as defined by ASTM D1922 in (MD)&(TD) directions.				
<b>Film color</b>	Yellow				
<b>Sealing</b>	Bottom seal
