CARESTREAM DRYVIEW 5700 Laser Imager

The DryView 5700 Laser Imager* offers simplicity and affordability for healthcare facilities of all sizes. This innovative tabletop medical imaging system offers a modest acquisition price, which is half of the affordability equation. It also delivers consistently low operating costs. This combination creates a complete picture of true affordability. It's ideal for computed radiography (CR), digital radiography (DR), computed tomography (CT), PACS Viewer, and magnetic resonance (MR) applications.

**Available in Most Countries*
