

# Ri-12/15, Rotor

## DESCRIPTION

Swing-out rotor for conical bottom centrifuge tube.

## SPECIFICATIONS

|                              |                                                        |
|------------------------------|--------------------------------------------------------|
| Rotor type                   | Swing-out                                              |
| Tube dimensions (Ø × length) | 17 × 120 mm                                            |
| Capacity                     | 12                                                     |
| Tube's volume                | 15 ml                                                  |
| Max. speed                   | 4200 rpm                                               |
| Max. RCF                     | 3160 × g                                               |
| Tube manufacturers           | Falcon, Greiner Bio-one, Sarstedt, Corning, Nunc, etc. |
| Autoclavable                 | +                                                      |

## CAT. NUMBER

BS-010221-KK

Rotor Ri-12/15

## ACCESSORIES

**LMC-56**  
Without rotor  
Laboratory Centrifuge

LMC-56 is a modern benchtop, low-speed laboratory centrifuge designed for convenient sedimentation, centrifugation and collection of necessary samples. It provides operation with tubes, blood collection systems, gel cards, microtest and ...
