## EXPORT ACCESSORIES LIST FOR EEG-EMG-ECG AND ELECTROTHERAPY

Valid from 01.03.2004

CODE	ITEM DESCRIPTION	PACKAGING
------	------------------	-----------

### DISPOSABLE AND REUSABLE STAINLESS STEEL NEEDLES

1 Box (50 packaging)  
1 Packaging (5 pcs)

81.141.01	diam.0,35 (28G) x12mm <b>disposable</b> monopolar needle with 8cm long cable
81.141.02	diam.0,35 (28G) x12mm <b>disposable</b> monopolar hook needle with 8cm long cable and 1mm
81.141.03	diam.0,35 (28G) x12mm <b>disposable</b> monopolar needle with 1mm PIN
81.141.04	diam.0,35 (28G) x18mm <b>disposable</b> monopolar needle with 1mm PIN

Please note: 1 Box contains 50 Pack/ 1Carton contains 8 Boxes

1 Packaging (10 pcs)

81.142.01	White connection leadwire 120cm. long and 2 mm pin connector for monopolar needles
81.142.02	White connection leadwire 120cm. long and DIN 42802 safety connector for monopolar needles

81.142.03	10pcs/set connection colored leadwire (R-B-Y-G-W) long. 120cm long and 2 mm pin connector for monopolar needles
81.142.04	10pcs/set connection colored leadwire (R-B-Y-G-W) long. 120cm long and safety connector DIN 42802 for monopolar needles

1 Packaging (10 pcs)

81.143.01	diam.0,35 (28G) x12mm <b>reusable AUTOCLAVABLE</b> needle with 120 cm long lead wire and 2 mm pin connector
81.143.02	diam.0,35 (28G) x12mm <b>reusable AUTOCLAVABLE</b> needle with 120 cm long lead wire and DIN 42802 safety connector

1 Box (100 packaging)  
1 Packaging (1 pc)

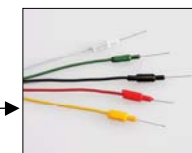

81.143.03	diam. 0,35 (28G) x12mm <b>disposable</b> needle with 120cm long lead wire and 2mm pin connector
81.143.04	diam. 0,35 (28G) x12mm <b>disposable</b> needle with 120cm long lead wire and safety connector DIN 42802

Please note: 1 Box contains 100 Packs

1 Box (50 packaging)  
1 Packaging (5 pcs)

81.143.05	5pcs/set diam. 0,35 (28G) x12mm needles with 120cm long lead wires, 5 colours-B-R-G-Y-W, and 2mm pin connectors
81.143.06	5pcs/set diam. 0,35 (28G) x12mm needles with 120cm long lead wires, 5 colours-B-R-G-Y-W, and connector DIN 42802

Please note: 1 Box contains 50 Packs

## EXPORT ACCESSORIES LIST FOR EEG-EMG-ECG AND ELECTROTHERAPY

Valid from 01.03.2004

------	------------------	-----------

### REUSABLE AND DISPOSABLE SENSORS

1 Packaging (1 pc)

81.144.01	Reusable snoring sensor, with 2m long cable and safety connectors
81.144.02	Reusable paediatric 3-way thermocouple , with 2m long cable and safety connectors
81.144.03	Reusable adult 3-way thermocouple , with 2m long cable and safety connectors
81.144.04	Reusable limb movement sensor, with 2m long cable and safety connectors
81.144.05	Reusable adult respiration belt , with 2m long cable and safety connectors <b>(with chest belt)</b>
81.144.06	Reusable paediatric respiration belt, with 2m long cable and safety connectors <b>(with chest belt)</b>
81.144.07	Reusable eye movement sensor, with 2m long cable and safety connectors
81.144.08	Reusable tremor sensor, with 2m long cable and safety connectors
81.144.09	Reusable adult sensor respiration belt, with 2m long cable and safety connectors <b>(without chest belt)</b>
81.144.10	Reusable paediatric sensor respiration belt, with 2m long cable and safety connectors <b>(without chest belt)</b>

1 Packaging (1 pc)

81.111.01	150cm long elastic chest belt, to be used with 81.114.01/81.114.10
81.111.02	100cm long elastic chest belt to be used with 81.114.01/81.114.10
81.111.03	70cm long elastic chest belt to be used with 81.114.01/81.114.10
81.111.04	50cm long elastic chest belt to be used with 81.114.01/81.114.10

### BASIC MODULE FOR DISPOSABLE SENSORS

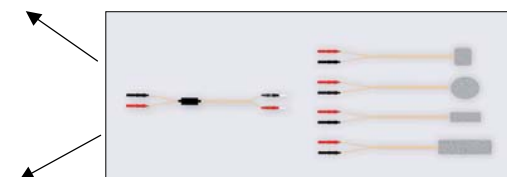

1 Packaging (1 pc)

81.146.01	Basic module for disposable snoring Sensors
81.146.02	Basic module for disposable eye Sensors
81.146.03	Basic module for disposable adult and paediatric respiration sensors

### DISPOSABLE SENSORS

1 Packaging (5 pcs)

81.147.01	Disposable snoring sensor, to be used with 81.146.01
81.147.02	Disposable eye movement sensor, to be used with 81.146.02
81.147.03	Disposable respiration paediatric sensor, to be used with 81.146.03
81.147.04	Disposable respiration adult sensor, to be used with 81.146.03

## EXPORT ACCESSORIES LIST FOR EEG-EMG-ECG AND ELECTROTHERAPY

### MYOLINE: ELECTROMYOGRAPHY REUSABLE AND DISPOSABLE CONCENTRIC NEEDLES

1 Box (25 packaging)  
1 Packaging (1 pc)

86.100.01	diam.0,35 (28G) x20mm ETO sterilized disposable concentric needle
86.100.02	diam.0,35 (28G) x30mm ETO sterilized disposable concentric needle
86.100.03	diam.0,35 (28G) x40mm ETO sterilized disposable concentric needle
86.100.04	diam.0,35 (28G) x50mm ETO sterilized disposable concentric needle
86.100.05	diam.0,45 (26G) x40mm ETO sterilized disposable concentric needle
86.100.06	diam.0,45 (26G) x50mm ETO sterilized disposable concentric needle
86.100.07	diam.0,50 (25G) x60mm ETO sterilized disposable concentric needle
86.100.08	diam.0,60 (23G) x70mm ETO sterilized disposable concentric needle

1 Box (10 packaging)

86.100.09	diam.0,35 (28G) x20mm NON sterile reusable concentric needle
86.100.10	diam.0,35 (28G) x30mm NON sterile reusable concentric needle
86.100.11	diam.0,35 (28G) x40mm NON sterile reusable concentric needle
86.100.12	diam.0,35 (28G) x50mm NON sterile reusable concentric needle
86.100.13	diam.0,45 (26G) x40mm NON sterile reusable concentric needle
86.100.14	diam.0,45 (26G) x50mm NON sterile reusable concentric needle
86.100.15	diam.0,50 (25G) x60mm NON sterile reusable concentric needle
86.100.16	diam.0,60 (23G) x70mm NON sterile reusable concentric needle

1 Packaging (1 pc)

86.111.01	Reusable EMG cable with 5-pole DIN45322 connector
86.111.02	Reusable EMG cable 200 cm long with 5-pole DIN45322 connector
86.111.03	Reusable EMG cable with 5-pole DIN45322 connector ( compatible with JAGER TOENNES
86.111.04	Reusable EMG cable with 3 colored safety connector

### MYOLINE 2

1 Box (25 packaging)  
1 Packaging (1 pc)

86.112.01	diam. 0,35 (28G) x30mm ETO sterilized disposable concentric needle with 100cm long lead wire and 5-pole connector
86.112.02	diam. 0,45 (26G) x40mm ETO sterilized disposable concentric needle with 100cm long lead wire and 5-pole connector
86.112.03	diam. 0,50 (25G) x60mm ETO sterilized disposable concentric needle with 100cm long lead wire and 5-pole connector

Please note: 1 Box contains 25 Packs

### DISPOSABLE TEFLON COATED MONOPOLAR NEEDLES

1 Box (100 packaging)

1 Packaging (1 pc)

86.113.01	Diam. 0,35 (28G) x15mm long disposable teflon insulated monopolar needle, with 120cm long cable and safety connector
86.113.02	Diam. 0,35 (28G) x35mm long disposable teflon insulated monopolar needle, with 120cm long cable and safety connector
86.113.03	Diam. 0,35 (28G) x45mm long disposable teflon insulated monopolar needle, with 120cm long cable and safety connector

Please note: 1 Box contains 100 Packs

### REUSABLE STIMULATING AND RECORDING E.M.G. ELECTRODES,

86.114.01	Set of reusable stimulating and recording electrodes. The set contains: a moulded bipolar connector with 15cm long lead wire with 8 different connections. The bipolar moulded connector fits the reusable EMG cable used for disposable concentric needles.	1 Pack contains (1 EMG cable + 8 64.114.01 elec.)
-----------	--	--

86.114.02	A pair of 1mm sockets moulded in a bipolar socket to fit the EMG needle cable	1 Packaging (1 pc)
86.114.03	A pair of AG/AGCL disc electrodes moulded in a bipolar socket to fit the EMG needle cable	
86.114.04	A pair of conductive elastic rings moulded in a bipolar socket to fit the EMG needle cable	
86.114.05	A pair of insulated alligator clips moulded in a bipolar socket to fit the EMG needle cable	
86.114.06	A pair of stainless steel rings electrodes moulded in a bipolar socket to fit the EMG needle cable	
86.114.07	A pair of THIN stainless steel rings electrodes moulded in a bipolar socket to fit the EMG needle cable	
86.114.08	A pair of Ag/AGCL flat electrodes moulded in a bipolar socket to fit the EMG needle cable	
86.114.09	A pair of stud adapters moulded in a bipolar socket to fit the EMG needle cable	

86.114.10	A pair of stainless steel ring electrodes with 100cm long cable and safety connector Din 42802	1 Packaging (1 pc)
86.114.11	A pair of THIN stainless steel ring electrodes with 100cm long cable and safety connector Din 42802	
86.114.12	A pair of conductive elastic rings with 100cm long cable and safety connector Din 42802	

## EXPORT ACCESSORIES LIST FOR EEG-EMG-ECG AND ELECTROTHERAPY

Valid from 01.03.2004

CODE	ITEM DESCRIPTION	PACKAGING
86.115.01	Stim/Rec bar with felter pads and 100cm long cable with safety connectors Din 42802	1 Packaging (1 pc)
86.115.02	Recording bar with felter pads and 100cm long cable with 5 pole DIN 45322 connectors	
86.115.03	Stim/Rec bar with stainless steel disc and 100cm long cable with safety connectors Din 42802	1 Packaging (1 pc)
86.115.04	Recording bar with stainless steel disc and 100cm long cable with 5 pole DIN 45322 connectors	
86.115.05	Stim/Rec bar with stainless steel disc and 100cm long cable with safety connectors Din 42802	1 Packaging (1 pc)
86.115.06	Recording bar with stainless steel disc and 100cm long cable with 5 pole DIN 45322 connectors	
86.116.01	Disposable felter for 86.115.01 - 86.115.02	1 Packaging (20 pcs)
86.116.02	Disposable felter for 86.118.03 - 86.118.04

### CLAMP AND SUCTION CHEST ELECTRODES FOR ECG RECORDING

1 Packaging (4 pcs)

99.100.00	Clamp electrode for ECG w/ silver plated / silver chloride sensor adaptable to universal
99.100.01	Clamp electrode for ECG w/ nickel sensor adaptable to universal connection + press-stud
99.100.02	Clamp electrode for ECG w/ non metallic Ag/AgCl sensor adaptable to universal connection
99.100.03	<b>Obese</b> Clamp electrode for ECG w/ silver plated / silver chloride sensor adaptable to universal connection
99.100.10	Paediatric clamp electrode for ECG w/ silver plated / silver chloride sensor adaptable to universal connection
99.100.11	Paediatric clamp electrode for ECG w/ nickel sensor adaptable to universal connection + press-stud

1 Packaging (1 pc)

99.111.10	Silver plated and silver chloride 15mm diam. suction chest electrode
99.111.11	Silver plated and silver chloride 20mm diam. suction chest electrode
99.111.12	Silver plated and silver chloride 24mm diam. suction chest electrode
99.111.13	Silver plated and silver chloride 30mm diam. suction chest electrode
99.111.14	Nickel plated 15mm diam. suction chest electrode
99.111.15	Nickel plated 20mm diam. suction chest electrode
99.111.16	Nickel plated 24mm diam. suction chest electrode
99.111.17	Nickel plated 30mm diam. suction chest electrode
99.111.18	24mm silver plated and silver chloride suction chest electrode w/ 4mm socket
99.111.19	24mm nickel suction chest electrode w/ 4mm socket

1 Packaging (10 pcs)

99.120.01	12mm diam. Gold plated disc electrode with 20cm lead wire and 4mm socket
99.120.02	22 mm diam. Gold plated disc electrode with 20cm lead wire and 4mm socket

1 Packaging (5 pcs)

99.111.00	24mm diameter spare ball for suction chest electrode
99.111.01	30mm diameter spare ball for suction chest electrode

### ECG DISPOSABLE ELECTRODES WITH ADHESIVE AND CONDUCTIVE SOLID GEL

1 Box (20 packaging)  
1 Packaging (3 pcs)

99.099.01	24mm Ag/AgCl electrode with 60cm long colored lead wire (B-R-Y) and safety connector Din 42802
99.099.02	24mm Ag/AgCl electrode with 60cm long lead wire with 4mm socket
99.099.03	24mm Ag/AgCl electrode with 90cm long colored lead wire (B-R-Y) and safety connector Din 42802
99.099.04	24mm Ag/AgCl electrode with 90cm long lead wire with 4mm socket
99.099.05	20mm Ag/AgCl electrode with 60cm long colored lead wire (B-R-Y) and safety connector Din 42802
99.099.06	20mm Ag/AgCl electrode with 60cm long lead wire with 4mm socket
99.099.07	20mm Ag/AgCl electrode with 90cm long colored lead wire (B-R-Y) and safety connector Din 42802
99.099.08	20mm Ag/AgCl electrode with 90cm long lead wire with 4mm socket

99.098.01	24mm <b>RADIOLUCENT</b> electrode with 60cm long lead wire and safety connector Din 42802
99.098.02	24mm <b>RADIOLUCENT</b> electrode with 90cm long colored lead wire and safety connector Din 42802
99.098.03	24mm <b>RADIOLUCENT</b> electrode with 60cm long lead wire with 4mm socket
99.098.04	24mm <b>RADIOLUCENT</b> electrode with 90cm long lead wire with 4mm socket

81.139.13	20x25mm disposable electrode with stud connector
81.139.14	15X20mm disposable electrode with stud connector

1 Box (20 packaging)  
1 Packaging (20 pcs)

81.140.04	28X22mm Ag/AgCl electrode with stud connector
81.140.05	24mm Ag/AgCl electrode with stud connector

1 Packaging (10 pcs)

Please note: 1 Box contains 20 Packs

### ADAPTERS AND ESU GROUNDING PAD CONNECTING CABLE

1 Packaging (5 pcs)

99.121.01	60cm long lead wire with snap connection and 2 mm pin plug black colour
99.121.02	60cm long lead wire with snap connection and 2 mm pin plug red colour
99.121.03	60cm long lead wire with snap connection and 2 mm pin plug green colour
99.121.04	60cm long lead wire with snap connection and 2 mm pin plug yellow colour
99.121.05	60cm long lead wire with snap connection and 2 mm pin plug white colour
99.121.06	100cm long lead wire with snap connection and 2 mm pin plug black colour
99.121.07	100cm long lead wire with snap connection and 2 mm pin plug red colour
99.121.08	100cm long lead wire with snap connection and 2 mm pin plug green colour
99.121.09	100cm long lead wire with snap connection and 2 mm pin plug yellow colour
99.121.10	100cm long lead wire with snap connection and 2 mm pin plug white colour

1 Packaging (5 pcs)

99.121.11	60cm long lead wire with snap connection and safety connector black colour
99.121.12	60cm long lead wire with snap connection and safety connector red colour
99.121.13	60cm long lead wire with snap connection and safety connector green colour
99.121.14	60cm long lead wire with snap connection and safety connector yellow colour
99.121.15	60cm long lead wire with snap connection and safety connector white colour
99.121.16	60cm long lead wire with snap connection and safety connector brown colour
99.121.17	60cm long lead wire with snap connection and safety connector blue colour
99.121.18	100cm long lead wire with snap connection and safety connector black colour
99.121.19	100cm long lead wire with snap connection and safety connector red colour
99.121.20	100cm long lead wire with snap connection and safety connector green colour
99.121.21	100cm long lead wire with snap connection and safety connector yellow colour

### REUSABLE CONDUCTIVE RUBBER ELECTRODES FOR ELECTROTHERAPY WITH AND WITHOUT LEAD WIRE.

*The electrodes made of highly conductive rubber are moulded into the lead wire.*

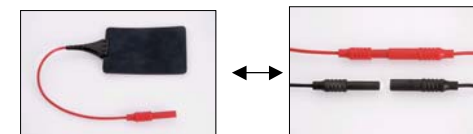

1 Packaging (2 pcs)

87.100.01	40x60mm electrode with 15cm BLACK lead wire and 4mm socke
87.100.02	40x60mm electrode with 15cm RED lead wire and 4mm socke
87.100.03	80x60mm electrode with 15cm BLACK lead wire and 4mm socke
87.100.04	80x60mm electrode with 15cm RED lead wire and 4mm socke
87.100.05	120x80mm electrode with 15cm BLACK lead wire and 4mm socke
87.100.06	120x80mm electrode with 15cm RED lead wire and 4mm socke
87.100.07	150x110mm electrode with 15cm BLACK lead wire and 4mm socke
87.100.08	150x110mm electrode with 15cm RED lead wire and 4mm socke

1 Packaging (5 pcs)

87.111.01	180cm long BLACK lead wire with 4mm safety plug
87.111.02	180cm long RED lead wire with 4mm safety plug

1 Packaging (10 pcs)

87.112.01	40X60 sponge pouch
87.112.02	80x60 sponge pouch
87.112.03	120x80 sponge pouch
87.112.04	150x110 sponge pouch

1 Packaging (25 pcs)

87.112.05	50X50 sponge pouch
87.112.06	60x85 sponge pouch
87.112.07	80x120 sponge pouch

------	------------------	-----------

### **ELASTIC AND RUBBER STRAP, HAND STIMULATOR, CONDUCTIVE ELASTIC ELECTRODES; IONODEM**

<b>87.115.01</b>	Switchable Stimulator Handle with exchangeable head covered with sponge; 3 meter cab	1 Packaging (1 pcs)
<b>87.115.02</b>	Stimulator Handle with reference handle electrode and a set of 5 different stimulating heads (A-B-C-D-E-); 3 meter cable	

<b>66.116.01</b>	60X80mm electrode with insulated surface and conductive sponge-covered surface	1 Packaging (2 pcs)
<b>66.116.02</b>	120X80mm electrode with insulated surface and conductive sponge-covered surface	

<b>87.117.01</b>	5X60cm conductive strap with sponge surface	1 Packaging (2 pcs)
<b>87.117.02</b>	5X80cm conductive strap with sponge surface	
<b>87.117.03</b>	5X130cm conductive strap with sponge surface	
<b>87.117.04</b>	5X150cm conductive strap with sponge surface

### DISPOSABLE AND REUSABLE ELECTRODES FOR ELECTROSTIMULATION AND ELECTROTHERAPY.

81.139.13	20x25mm disposable electrode with stud connector	1 Box (20 packaging)
81.139.14	15X20mm disposable electrode with stud connector	1 Packaging (20 pcs)

81.140.02	100cm long lead wire with spring connection and safety connector Din 42802	1 Packaging (10 pcs)
81.140.03	100cm long lead wire with spring connection and 2mm pin connector	

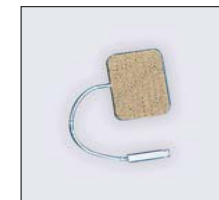

87.119.01	35X45mm electrode with carbon liner and high conductive gel with snap connection	1 Packaging (4 pcs)
87.119.02	46X47mm electrode with carbon liner and high conductive gel with snap connection	
87.119.03	35X45mm electrode with silver/ silver chloride liner and high conductive gel with snap connection	
87.119.04	50X45mm electrode with silver/ silver chloride liner and high conductive gel with snap connection	
87.119.05	50X90mm electrode with carbon liner and high conductive gel with 2 snap connector	
87.119.06	50x90mmelectrode with silver/ silver chloride liner and high conductive gel with 2 snap connection	
87.119.07	40X90mm electrode with carbon liner and high conductive gel with snap connection	
87.119.08	50x90mm electrode with carbon liner and high conductive gel with snap connection	
87.119.09	40X90mm electrode with silver/ silver chloride liner and high conductive gel with snap connection	
87.119.10	50x90mm electrode with silver/ silver chloride liner and high conductive gel with snap connection	
87.119.11	45X80mm electrode with carbon liner and high conductive gel with snap connection	
87.119.20	50mm diameter electrode with carbon liner and high conductive gel with snap connection	
87.119.21	75mm diameter electrode with carbon liner and high conductive gel with snap connection

		1 Packaging (4 pcs)
87.120.00	35X45mm electrode with carbon liner and high conductive gel, with 2 mm socket lead wire	
87.120.01	50X45mm electrode with carbon liner and high conductive gel, with 2 mm socket lead wire	
87.120.02	50X50mm electrode with carbon liner and high conductive gel, with 2 mm socket lead wire	
87.120.03	35X45mm electrode with silver/ silver chloride liner and high conductive gel, with 2 mm socket lead wire	
87.120.04	50X45mm electrode with silver/ silver chloride liner and high conductive gel, with 2 mm socket lead wire	
87.120.05	32mm diameter electrode with carbon liner and high conductive gel, with 2 mm socket lead wire	
87.120.06	50mm diameter electrode with carbon liner and high conductive gel, with 2 mm socket lead wire	
87.120.07	75mm diameter electrode with carbon liner and high conductive gel, with 2 mm socket lead wire	
87.120.30	40X90mm electrode with carbon liner and high conductive gel, with 2 mm socket lead wire	
87.120.31	50X90mm electrode with carbon liner and high conductive gel, with 2 mm socket lead wire	
87.120.32	45X98mm electrode with carbon liner and high conductive gel, with 2 mm socket lead wire	
87.120.33	40X90mm electrode with silver/ silver chloride liner and high conductive gel, with 2 mm socket lead wire	
87.120.34	50x90mm electrode with silver/ silver chloride liner and high conductive gel, with 2 mm socket lead wire	
87.120.35	75X140mm electrode with carbon liner and high conductive gel, with 2 mm socket lead wire	
87.120.40	50X90mm with carbon liner and high conductive gel, with 2 lead wire and 2 mm socket lead wire	
87.120.41	50X90mm electrode with conductive silver/silver chloride, with 2 lead wire and 2 mm socket lead wire	
87.120.50	50X50mm reusable silicone electrode	
87.120.51	50X100mm reusable silicone electrode

### REUSABLE SILICONE HEADCAPS

1 Packaging (1 pc)

81.100.01	E.E.G. silicon Headcap w/ 2 bands and adjustable Velcro chin holder - large size
81.100.02	E.E.G. silicon Headcap w/ 2 bands with adjustable Velcro chin holder - medium size
81.100.03	E.E.G. silicon Headcap w/ 2 bands with adjustable Velcro chin holder - small size
81.100.04	E.E.G. silicon Headcap w/ 4 bands with adjustable Velcro chin holder - large size
81.100.05	E.E.G. silicon Headcap w/ 4 bands with adjustable Velcro chin holder - medium size
81.100.06	E.E.G. silicon Headcap w/ 4 bands and adjustable Velcro chin holder - small size

### Traditional montage: the ELECTRODES are inside the cap

1 Packaging (1 pc)

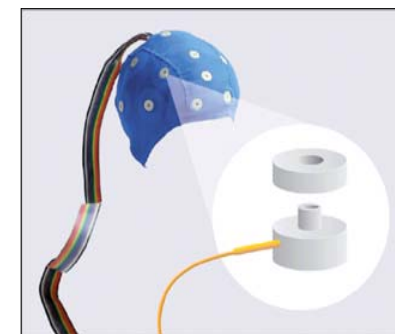

81.100.07	Headcap with 20 TIN moulded electrodes - Large adult size
81.100.08	Headcap with 20 TIN moulded electrodes - Medium adult size
81.100.09	Headcap with 20 TIN moulded electrodes - Small adult size
81.100.10	Headcap with 20 TIN moulded electrodes - Extra-small adult size
81.100.11	Headcap with 20 TIN moulded electrodes - Large infant size
81.100.12	Headcap with 10 TIN moulded electrodes - Medium infant size
81.100.13	Headcap with 10 TIN moulded electrodes - Small infant size

81.116.01	Ground ear electrode Ag/AgCl Sintered sensor with lead wire 120cm long and safety connector DIN42802
81.116.02	Ground ear electrode Ag/AgCl Sintered sensor with lead wire 120cm long and 2mm spring plug
81.116.03	Ground ear electrode Ag/AgCl Sintered sensor with lead wire 120cm long and 2mm pin connector
81.116.04	Ground ear electrode Ag/AgCl sensor with lead wire 120 cm long and safety connector DIN42802
81.116.05	Ground ear electrode Tin sensor with lead wire 120cm long and safety connector DIN42802
81.116.06	Ground ear electrode Gold sensor with lead wire 120cm long and safety connector DIN42802

### BRIDGE ELECTRODES FOR E.E.G RECORDING, CONNECTION LEAD WIRE

1 Packaging (10 pcs)

81.117.01	Adult silver/silver chloride bridge Electrode	Red Bridge
81.117.02	Adult silver/silver chloride bridge Electrode	Blue Bridge
81.117.03	Paediatric silver/silver chloride bridge Electrode	Red Bridge
81.117.04	Adult silver/silver chloride Sintered bridge Electrode	Red Bridge
81.117.05	Adult silver/silver chloride Sintered bridge Electrode	Blue Bridge
81.117.06	Paediatric silver/silver chloride Sintered bridge Electrode	Red Bridge
81.117.07	Adult Sintered electrode with gold plated silver screw	Red Bridge
81.117.08	Adult Sinteredelectrode with gold plated silver screw	Blue Bridge
81.117.09	Paediatric Sintered electrode with gold plated silver screw	Red Bridge

## EXPORT ACCESSORIES LIST FOR EEG-EMG-ECG AND ELECTROTHERAPY

Valid from 01.03.2004

CODE	ITEM DESCRIPTION	PACKAGING
------	------------------	-----------

**"EF Medica" bridge Electrode: the silver screw does not come out of the plastic holder and the lead wire has a 90° connection plug.  
The advantage is that the electrode and the lead wire become "one piece only"**

1 Packaging (10 pcs)

81.117.10	Silver/silver chloride bridge Electrode	Blue Bridge
81.117.11	Sintered bridge Electrode	Blue Bridge
81.117.12	Sintered bridge Electrode with gold plated silver screw	Blue Bridge

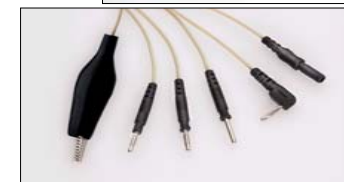

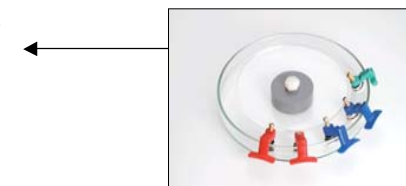

### ELECTRODE COVERING SET

1 Packaging (1 pc)

81.118.13	Electrode storage unit small without depolarization action
-----------	--

1 Packaging (10 pcs)

81.119.01	120cm long lead wire with 2mm spring plug on one end, 2mm pin on the other end
81.119.02	120cm long lead wire with 2mm spring plug on one end, and safety connector Din 42802 on the other end
81.119.03	120cm long lead wire with 2mm spring plug on both ends
81.119.04	120 cm long lead wire with insulated alligator clip and 2mm spring plug on the other end
81.119.05	120 cm long lead wire with insulated alligator clip and safety connector DIN 42802 on the other end
81.119.06	120cm long lead wire with a right angle (90°) 2mm pin on one end, 2mm straight pin on the other end
81.119.07	120cm long lead wire with a right angle (90°) 2mm pin on one end, safety connector Din 42802 on the other end

81.135.09	AS ABOVE	but with 250cm long lead wires and safety connectors Din 42802
81.135.10	Disc electrodes with 120cm long lead wires and 2 mm moulded connector	
81.135.11	Disc electrodes with 120cm long lead wires and safety moulded connector DIN42802	
81.135.12	Disc electrodes with 120cm long lead wires and 2 mm spring plug moulded connector	

### 5 AND 10mm SINTERED ELECTRODES WITH PRESS-STUD

1 Packaging (2 pcs)

81.137.01	1mm thick and 5mm diam. Sintered sensor with 100cm long cable and DIN 42802	
81.137.02	1mm thick and 10mm diam. Sintered sensor with 100cm long cable and DIN 42802	
81.137.03	1mm thick and 5mm diam. Sintered sensor with 100cm long shielded "LOW NOISE " cable and DIN 42802	
81.137.04	1mm thick and 10mm diam. Sintered sensor and 100cm long shielded "LOW NOISE " cable and DIN 42802	
81.137.05	1mm thick and 5mm diam. Sintered electrode with hole in the middle to inject the gel and 100cm long cable with DIN42802	
81.137.06	1mm thick and 10mm diam. Sintered electrode with hole in the middle to inject the gel and 100cm long cable with DIN42802	
81.137.07	1mm thick and 5mm diam. Sintered electrode with hole in the middle to inject the gel and 100cm shielded "LOW NOISE " cable with DIN42802	
81.137.08	1mm thick and 10mm diam. Sintered electrode with hole in the middle to inject the gel and 100cm shielded "LOW NOISE " cable with DIN42802

### DISPOSABLE SILVER SILVER CHLORIDE 10 mm DIAM. NON METALLIC EEG ELECTRODES AND CONNECTING CABLE

1 Packaging (10 pcs)

81.138.01	10mm diam. No metallic RADIOLUCENT disc electrodes
81.138.02	10pcs/set 120cm long lead wire and 2mm moulded connectors
81.138.03	AS ABOVE but with 120cm long lead wires and 2mm spring plug connectors
81.138.04	AS ABOVE but with 120cm long lead wires and safety connectors Din 42802
81.138.05	AS ABOVE but with 150cm long lead wires and 2mm pin connectors
81.138.06	AS ABOVE but with 150cm long lead wires and safety connectors Din 42802
81.138.08	120 cm long lead wire and 2 mm moulded connector
81.138.09	120 cm long lead wire and 2 mm spring plug moulded connector
81.138.10	120 cm long lead wire and safety moulded connector DIN 42802

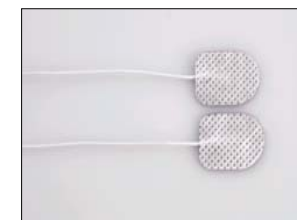

### SILVER/SILVER CHLORIDE DISPOSABLE ELECTRODES WITH ADHESIVE AND CONDUCTIVE GEL FOR NEUROLOGICAL APPLICATION :SPRING CONNECTION CABLE

1 Box (20 packaging)  
1 Packaging (6 pcs)

81.139.01	20X25mm disposable electrode with 100cm long lead wire and safety connector Din 42802
81.139.02	20X25mm disposable electrode with 100cm long lead wire and 2mm pin connector
81.139.03	20X25mm disposable electrode with 150cm long lead wire and safety connector Din 42802
81.139.04	20X25mm disposable electrode with 150cm long lead wire and 2mm pin connector

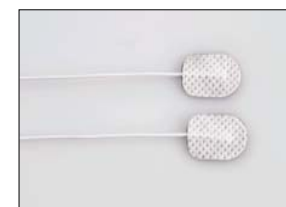

Please note: 1 Box contains 20 Pack/ 1Carton contains 8 Boxes

1 Box (20 packaging)  
1 Packaging (6 pcs)

81.139.05	15X20mm disposable electrode with 100cm long lead wire and safety connector Din 42802
81.139.06	15X20mm disposable electrode with 100cm long lead wire and 2mm pin connector
81.139.07	15X20mm disposable electrode with 150cm long lead wire and safety connector Din 42802
81.139.08	15X20mm disposable electrode with 150cm long lead wire and 2mm pin connector

Please note: 1 Box contains 20 Pack/ 1Carton contains 8 Boxes

## EXPORT ACCESSORIES LIST FOR EEG-EMG-ECG AND ELECTROTHERAPY

Valid from 01.03.2004

CODE	ITEM DESCRIPTION	PACKAGING
------	------------------	-----------

81.139.09	15X20mm disposable electrode with 8cm long lead wire and 1mm pin connector	1 Box (20 packaging) 1 Packaging (10 pcs)
81.139.10	20X25mm disposable electrode with 8cm long lead wire and 1mm pin connector	
Please note: 1 Box contains 20 Pack/ 1Carton contains 8 Boxes		

81.139.11	15X20mm disposable electrode with 8cm long lead wire and 0,7mm pin connector	1 Box (20 packaging) 1 Packaging (12 pcs)
81.139.12	20X25mm disposable electrode with 8cm long lead wire and 0,7mm pin connector	
Please note: 1 Box contains 20 Pack/ 1Carton contains 8 Boxes		

The "spring" is a new concept to connect the small electrodes to the device: the principle is based on the lighth weight of spring

81.140.02	100cm long lead wire with spring connection and safety connector Din 42802	1 Packaging (10 pcs)
81.140.03	100cm long lead wire with spring connection and 2mm pin connector	
81.140.01	100cm long lead wire with 2 1mm socket and 5-pole DIN45322 connector	1 Pack (1 pieces)
