WHY CHOOSE US

A DIFFERENT KIND OF PAPER PACKAGING PARTNER

Our mission is to improve our customer's brand value through product packaging and services.

WE HAVE 15 YEARS OF EXPERIENCE PRODUCING HIGH QUALITY PACKAGING

Our business model is designed to make manufacturing of paper products easy for our customers. We can design, manufacture, stock, ship and more. We offer a range of pre-designed products and services to help our customers streamline their packaging supply needs.

ALREADY WORK WITH COMPANIES OF ALL

We understand that small businesses may need a little more time and a helping hand to fully explore their options. Kinghorn is here to help. We have experience helping small businesses promote their brand and improve their bottom line.

LEAN PRODUCTION STARTING FROM SILICA

All of our paper box and color printing product, manufactured, assembled and packaged in our China factory. Kinghorn offers a compelling suite of turnkey solutions to address your individual needs by using advanced forming and plant equipment.

INNOVATIVE BOTTLE DESIGN

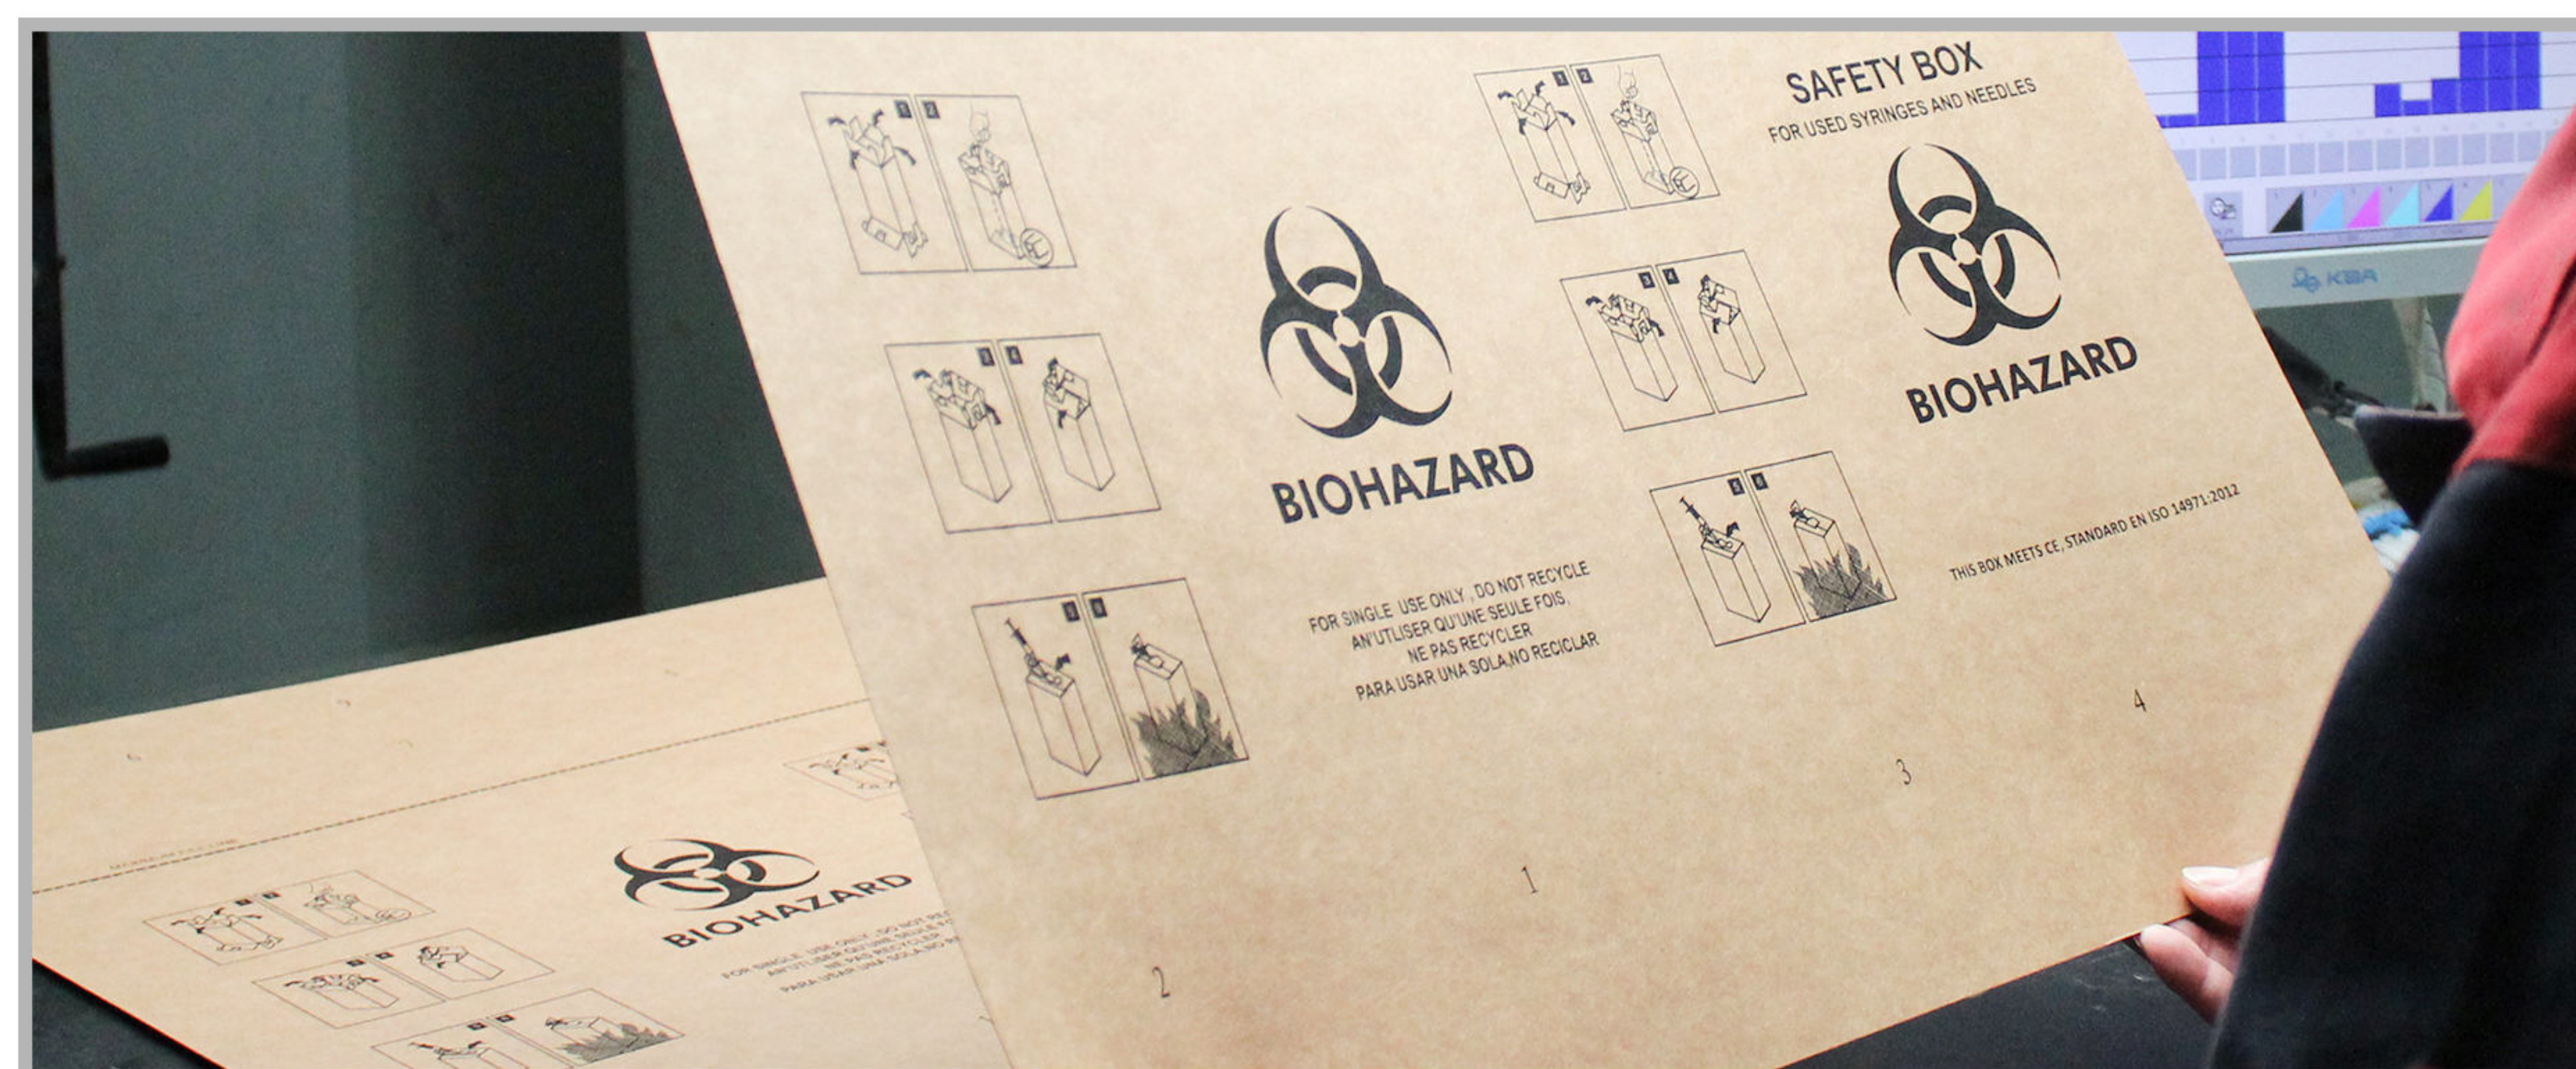

New design projects need to reach the market not only with exceptional packaging but also on time and within budget.

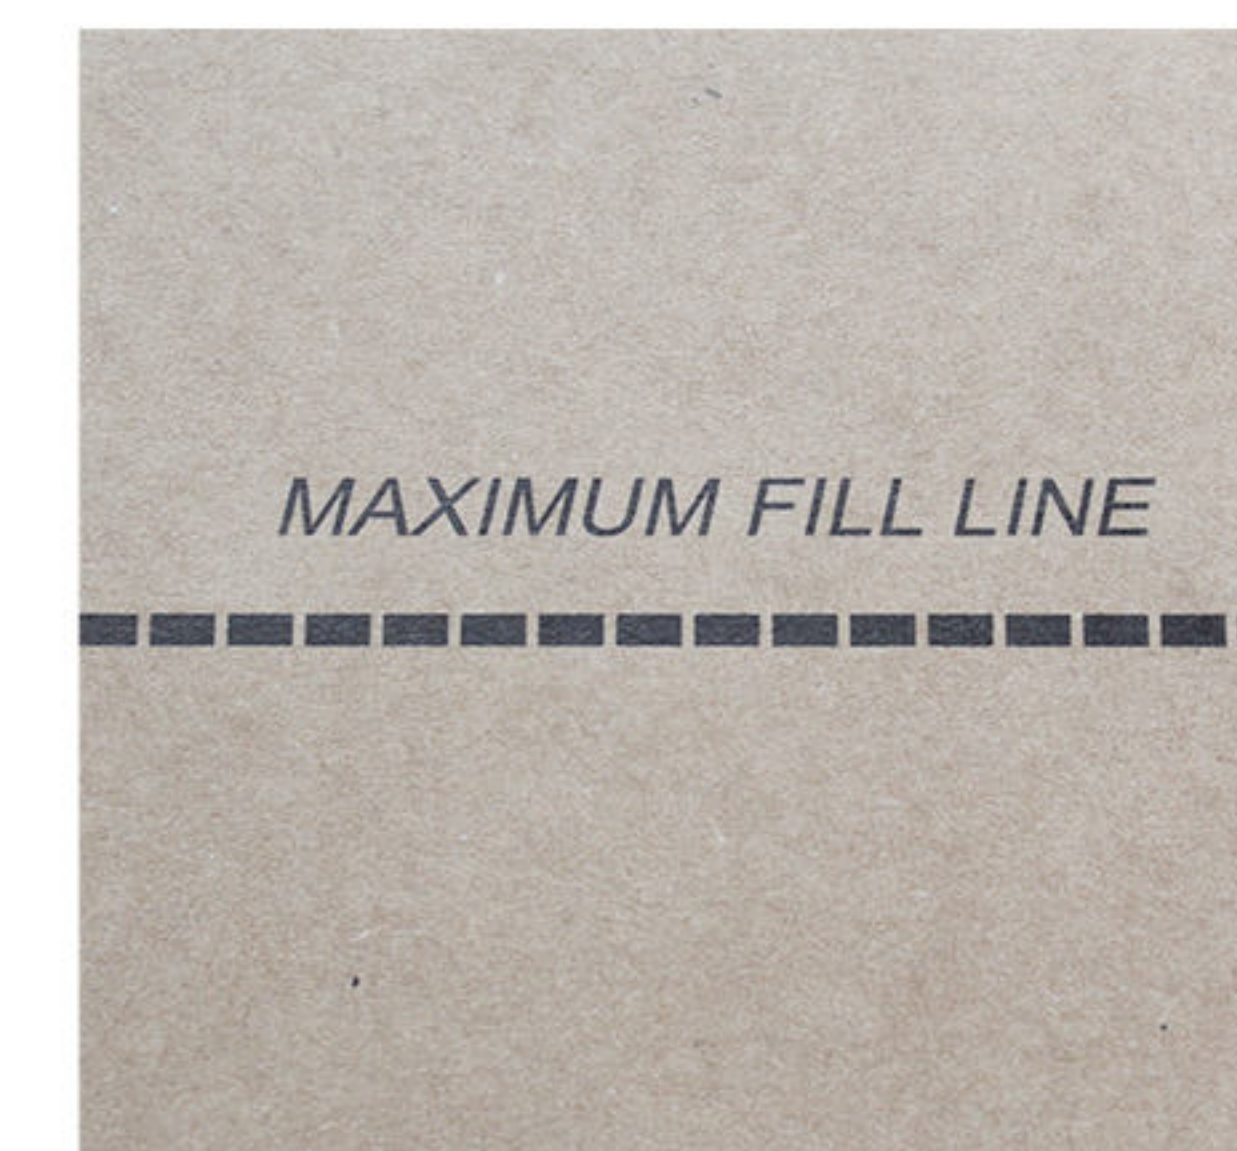

Usage:

Poorly managed sharps waste exposes health workers and the general community to injuries, infection and environmental pollution. The efficient, safe and environmentally acceptable management and disposal of such waste ensures that sharps are contained and that the risks of needle-stick injury, air and ground water pollution are minimized.

Sharps aperture ,handles ,colour, Bio-hazard marking ,fill line and other parts are designed and manufactured in accordance with international standards.

Show details

Advantages and certificates

- ✓ 7-10 days delivery
- ✓ 400,000 boxes every day
- ✓ 24 years of experience
- ✓ Top printing skills

Boxes can be supplied flat-packed or nested to minimize shipping and storage volume.
