Inflation Device  

## Product Information

### Inflation Device:

#### Features

- Analog/fluorescent display
- Symmetrical handling
- Ergonomic design
- Barrier screw pivot
- Smooth fine adjustment
- Rapid trigger release

#### Benefits

- Visual pressure control
- For right and left hand users
- Easy piston grip
- Rapid inflation
- Effective pressure transmission
- Rapid/secure deflation

#### Ranges

- Maximum pressure: 30atm/40atm
- Barrel volume: 20mL
- Stopcock: 3-way 500psi
- Tubing: length 33cm 1200psi

## Technical Parameters

Display	Analog/Fluorescent
Pressure	30atm (440psi) / 40atm (600psi)
Barrel Volume	20mL
Stopcock	3-way 500psi
Extension Tubing	33cm, 1200psi, male rotating Luer connector

## Ordering Information

Catalogue No.	Inflation Range	Stopcock
LP-P-30	30 atm	/
LP-P-30S	30 atm	Included
LP-P-40	40atm	/
LP-P-40S	40atm	Included
