

Technical data sheet

CV-3 CUVETTE

mm

CV-3 CUVETE	
Material	Polystyrene
Size	12.75x44.40mm
Volume	4.5ml
Package	100pcs/plastic foam box (for well protect)
Advantage	High chemical resistance, suitable for polar solvents, acids and corrosive solutions
Usage	Measures at 260 or 280 nm and in the visible wavelength range
