

PENTAX Medical Fiber Bronchoscopes
High-Resolution Fiber Bronchoscopy

PENTAX Medical Fiber Bronchoscopes

High-Resolution Fiber Bronchoscopy

The highest optical quality in a complete product range.

PENTAX MEDICAL QUALITY & SERVICE PROGRAMS

- The PENTAX Medical brand continues to be recognized for delivering cost-effective products of exceptional quality and durability.
- Industry-leading service plans, financing, technical service, and training.

FLEXIBILITY AND EASE-OF-USE

- Up to 180° tip deflection, a tight bending radius, and wide angle of view for easy maneuverability.
- Optimum size working channels (up to 3.2 mm) to accommodate a wide range of instruments and high suction capacity.
- PENTAX Medical CSV (Closed Suction Valve), a unique mechanism for improved suction.
- Compatible with a battery-powered light source (BS portable series only) or connected to a conventional light source.

- Ergonomically designed, lightweight control body, enhancing user performance.
- Fully immersible and reprocessible allowing these instruments to be completely and effectively high-level disinfected or sterilized.

EXCELLENT IMAGE QUALITY

- PENTAX Medical fiber technology delivers bright, clear, high-resolution images for superior observation.
