To whom it may concern

In 2019 WeNet Yemen partnered with BPC for implementing an interoperable National Payment System project. The first phase of the project went live end of August 2020. The first phase comprises establishment of Real-time Instant Payment system. Currently 6 banks are live on SmartVista platform.

In the subsequent phases BPC will deploy ATM, POS interoperable Switch and Card Management system in WeNet. The complete contract deliverables are expected to go live by the second quarter of year 2021.

Our current relationships with BPC are strong and focused on continuous innovation. WeNet consider BPC as a reliable partner which is flexible and supportive in delivery of SmartVista products within agreed time frame and in excellent quality.

I am happy to recommend partnering with BPC. If you have any questions, please feel free to contact me.

Sincerely

Suhail Mohsen Saeed

CTO at Murooj Payment Solutions

Wenet – Yemen National Financial Switch
