Intersurgical twin-ported CPAP masks offer a comfortable patient interface and are available in two sizes: small and medium/large adult. The soft anatomically shaped cushion will comfortably fit a wide range of patient faces.

A number of other key benefits include:

- *Monitoring port for supplemental oxygen or monitoring*
- *Clear, strong mask for easy patient assessment*
- *Safety flutter valves*
- *Six harness fixing points*
- *Soft anatomical cushion with adjustable cushion valve for extra comfort*
