

DECLARATION OF CONFORMITY

Regulation EC No 1907/2006 (REACH)

This document serves as a Declaration and Confirmation from

Atlas Copco Airpower N.V.

for

Machine type: GA75LVSD+P A 13 MEAA 400 50

Reference Number: 8153325801

SCIP Number: 7ce91149-2e3d-44b0-bfa9-6df36a9c2298

concerning the Registration, Evaluation, Authorization and Restriction of chemicals (REACH) in particular concerning the presence of SVHC substances in articles.

For the production and maintenance of our equipment we use articles, raw materials and/or semi-finished products which may contain substances identified as "Substances of Very High Concern" or substances requiring authorization.

In accordance with Article 33 of the aforementioned Regulation we hereby make known that our finished products and spare parts can contain components in which SVHC's from the Candidate list (last update November 05, 2025) are present in a concentration of more than 0.1% (w/w) per article. If applicable, Appendix A provides an overview listing the impacted components, the SVHC chemical name and its CAS number.

In any case, the normal or reasonably foreseeable use of our products does not require particular precautions. The only recommendation is to avoid cutting or drilling when they are disposed of at the end of their useful life, as this could cause exposure to the listed substances or its dispersion in the environment.

It should be noted that none of our products contain substances intended to be intentionally released during normal or reasonably foreseeable use.

The information provided in this statement is true and complete to the best of our knowledge.

Antwerp, December 2025

General Manager

Wouter Ceulemans

Vice President Compliance
