

A geometric diagram showing a triangle with a base of 2179 and a height of 1374. The triangle is divided into two smaller triangles by a line segment from the top vertex to the base. The left side of the triangle is labeled 2082. The right side is labeled 1505. The top vertex is labeled 73°. The bottom-left vertex is labeled 41°. The bottom-right vertex is labeled 66°. The diagram includes various dimension lines and tick marks indicating the geometry.
