Bluetooth pairing

Switch to Bluetooth mode, T-400X will automatically search the Bluetooth device. If the device paired before, T-400X will connect automatically.
If can't find paired device, T-400X will enter pairing mode automatically, bluetooth LED under pairing button flashes quickly.
1. Active "Bluetooth" function on your device and search for "T-400X".Enter "0000" if your device asks for the PIN code..
2. After pairing successfully, bluetooth LED bright, and ready for playing music.
Recommend to adjust suitable volume before playing music.

Pairing a bluetooth device supporting NFC

If your Bluetooth device supports Near Field Communication (NFC), make sure that NFC feature is activated. Touch the NFC area of your Bluetooth device to top of T-400X in order to automatically pairing.
Note: 1. If your phone has NFC support but it is running an OS below Android 4.1, you will need to download an NFC Bluetooth APP from Google play or a similar online store.
Notice: After switch to Bluetooth source,the unit will automatically search the Bluetooth device and connect it.
If the device paired before. If can't find paired device,it will enter pairing mode automatically and the bluetooth LED will flash quickly. Bluetooth device should active"Bluetooth" function during pairing and search for "T-400X".

Troubleshooting

Problem	Possible Cause	Solution
F&D system does not turn on	Power cable not connected to the power outlet and/or F&D System	Check connection
Sound reproduction too soft	Volume of F&D System set too low	increase the volume using the "Volume" button. increase the volume of the source device
F&D System does not respond to remote control.	The battery is empty	Replace battery, observe correct polarity at insertion
No sound reproduction	Source device not producing any signal.	Digital output on the source device not activated
	Cable not correctly connected/faulty cable.	Check the connection of the source device to the F&D System and change the cable if necessary.
	Distance is far from device in Bluetooth mode	put your Bluetooth device close to the speaker
	Bluetooth device not connected successfully	please restart the speaker and try again
