Moldau

QTY	Part-Number	Description
1	0200025	Anaesthesia workstation Leon MRI incl. Central Break
1	0209700inst	fresh gas deficiency sensor Leon / Leon plus / Leon mri
1	0209830inst	neo software, volume guarantee 3ml tidal volume (installed) for Leon plus and Leon mri
1	0209217hd2ginst	gasbox Leon mri (2-gas) "high pressure Version"
1	0209239g2inst	pressure reducer DIN-Kit for 2-gas-gasbox Leon / Leon plus / Leon mri
1	0208618v01inst	gas measurement Leon mri AION Platinum AG with insp. O2 cell
1	0230040mri	inspiratory oxygen measurement for Leon MRI incl. KE 25 sensor and cable
1	0209210inst	vaporizer holder Selectatec type for Leon / Leon plus / Leon mri
1	0206085	vaporizer Delta MRI Sevoflurane Quik Fil system with Selectatec holder
1	0209360hul004	absorber complete, autoclavable
1	0209100hul300	LM patient module with Flowsensors and APL Valve

QTY	Part-Number	Description
20	a300dts2v2	breathing circuit double limb adult 3.00m with 2L breathing bag, disposable
20	n300dts	disposable 2-hose tubing system, neo 3,00m WITHOUT breathing bag
1	0012050-212-500	pressure hose O2, 5m, ISO-Norm with AGA gas plug and NIST connection, straight exit (gas plug without ball)
1	0012051-212-500	pressure hose AIR, 5m, ISO-Norm with AGA gas plug and NIST connection, straight exit (gas plug without ball)
2	0140900	bottle pack for bronchial suction incl. swivel fixture, secretion container 1l, safety valve,rinsing glass,connection hose
5	0122010	filter bronchial suction
1	0209460	open scavenger system for anesthetic gas suction incl. 0209470, 0209581
1	0205095mri	anaesthetic gas excess drain, complete , 4m for MRI
1	0205013-1	AGSS plug DIN EN 737 (new norm) 45°
1	0209004mriinst	option panel Leon mri with O2 flowmeter
1	0209570inst	aspiration AIR Leon/ Leon plus / Leon mri
1	0208630ve10	water trap, adult, disposable (box of 10) (change monthly)
1	0208631ve10	water trap, neonatal, disposable (box à 10)
20	0208632-1	gas measurement line, adult, 2m, disposable not for Zislin Module

QTY	Part-Number	Description
		- ID = 1,5 mm independent from length. - Male Luer-lock connector (ISO 594-1/2) both ends - Material either PE or PVC coated with a layer of PE on the inner walls please heat-seal and label the bags
20	0208696-2	Connection Tube - extension Luerlock M/F 3m Leon MRI
1	0070109	water separator Air with NIST/NIST connection
2	0209120v01	LM Flow Sensor - Anesthesia Leon, Leon plus. Leon MRI
2	0217043bg	test lung neonatal with tube adapter autoclavable for anesthesia and ventilation
2	300.847.000v1	test lung adult, autoclavable for anaesthesia and ventilation
100	0122041	HME bacterial Filter Children and neonates M15, MF 15/22 with Luer Lock connection
10	56827305	B & V filter with HME (pack of 10)
1	10001	patient tubing system anesthesia:
6	66-22-110	19 mm adult breathing tube, both sides with vulcanized 22mm I.D. sleeve l=110cm, green, silicon, autoclavable
2	0045011	connector, straight, 22mm OD/22mm OD, autoclavable
2	0205003	Y connector 15mm ID / 22mm OD
2	0205016-1	breathing bag 2.3 l, silicone, transparent
1	0209051-1	maintenance kit Leon plus,Leon (mri),1 year consisting of 0209050, 0209055 + 0209060-1 0209050 Maintenance Kit Compact circuit system 0209055 Maintenance Kit rear part 0209060-1 Maintenance kit internal assembly

QTY	Part-Number	Description
		0209050 Maintenance Kit Compact circuit system 0209055 Maintenance Kit rear part 0209060-1 Maintenance kit internal assembly
1	0230033mri	oxygen sensor MLF-11K for Leon mri incl. connection cable to options panel lifetime 2 years (lead free)
1	ba-leonmri-r	user manual Leon mri romanian
1	0209900mri	basic equipment for Leon MRI
1	v-0049	pallet for Leon / Leon plus/Lifetherm 2000 with ramp
