## COMPANY PROFILE

Su Biyomedikal Sistemler ve Saglik Hizmetleri Ltd. Sti. (SUBMED) was founded in Istanbul in 2010 to meet the needs of healthcare professionals and institutions for tailor made, innovative, single use procedure sets adhering to our motto "Safe & Easy". Young and dynamic team, who brings biomedical engineering approach to tailor made procedure set requests combines flexibility with enhanced design features.

## QUALITY

Our team makes an extraordinary commitment to provide high-quality, safety and ease together so we are inspected and continuously monitored for several standards.

On our road to offer safest tailor made solution in the easiest way possible, we succeeded in evaluations and comparisons performed by a wide variety of observers; including but not limited to government agencies, non-profit organizations and our respected clients. This is how we meet and exceed customers', patients' and regulators' expectations of quality and safety.

### General Certificates

- EN ISO 14698-1:2003
- EN ISO 14698-2:2003

## CUSTOMER SERVICE

Our job begins before meeting our customers, continues while serving, supporting and developing products that can meet their requirements and goes on through after sales process. This is how we establish intimate and sustainable dialogues with our clients.

## DISTRIBUTION

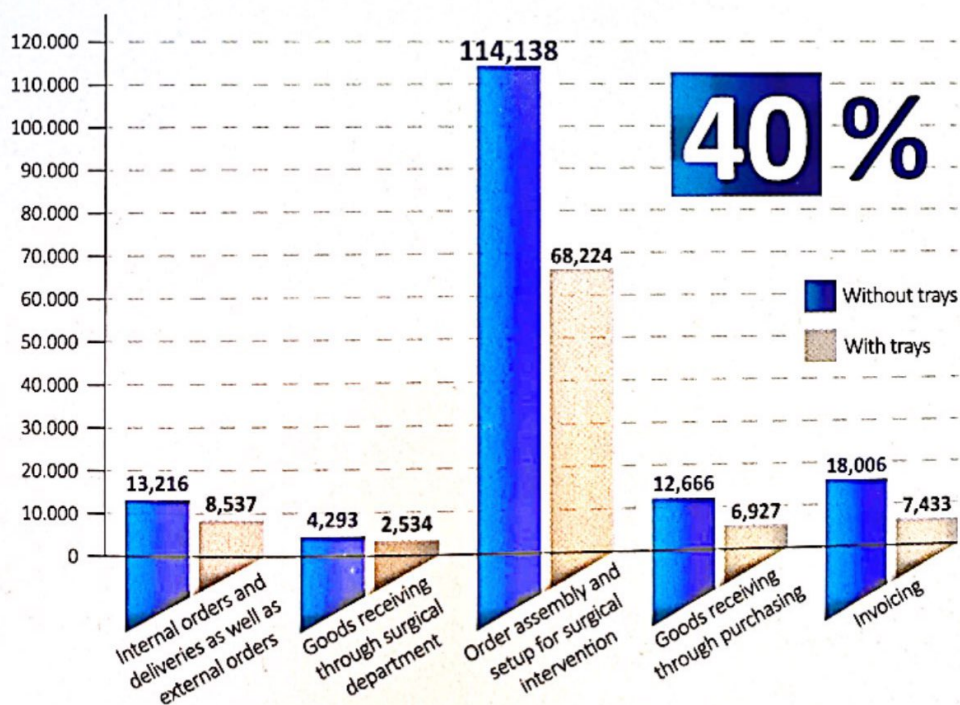

Our premises are located in Istanbul, at the heart of Euroasia, where we can enjoy several advantages of fast and flexible operations and take advantage of logistic benefits. Thus we are offering best possible delivery options, combined together with well arranged production schedule.

## Tailor-Made Solutions at Your Service

**EASY DRAPE, EASY GOWN, EASY KIT, EASY HD, EASY PACK and EASY SURGICAL** series procedure, drape and gown sets are specially designed for your operational needs in various operations. A broad range of selections are available from our predesigned sets, while we can also design sets according to your custom procedures. Each set is designed to offer safety for your patients and to make your process easier by saving time and money while increasing efficiency. EASY series of sets offer standardized procedures to medical professionals acting in various fields. It is safer, it is easier & it is especially designed for you..!

Comparison of total time with and without Procedure Sets  
(11 different types of trays in 2.785 interventions in total)

1. Prof. Dr. rer. oec. Dipl.-Soz. Päd. Michael Greiling  
Managing Director of the Institute for Workflow Management in Healthcare (IWIG\*) GmbH, Münster / Germany, AN-Institute of the University of Westphalia in Gelsenkirchen.
