

# 1 USA and Canada Regulatory Compliance

## 1.1 USA Regulatory Compliance

### ✧ FCC part 15

Part 15 of the Federal Communications Commission (FCC) Rules and Regulations has established Radio Frequency (RF) emission limits to provide an interference-free radio frequency spectrum. Many electronic devices, including computers, generate RF energy incidental to their intended function and are, therefore, covered by these rules. These rules place computers and related peripheral devices into two classes, A and B, depending upon their intended installation. Class A devices are those that may reasonably be expected to be installed in a business or commercial environment. Class B devices are those that may reasonably be expected to be installed in a residential environment (for example, personal computers). The FCC requires devices in both classes to bear a label indicating the interference potential of the device as well as additional operating instructions for the user.

### ✧ FCC Rating Label

The FCC rating label on the device shows the classification (A or B) of the equipment. Class B devices have an FCC logo or ID on the label. Class A devices do not have an FCC logo or ID on the label. After you determine the class of the device, refer to the

corresponding statement.

#### ✧ Class A Equipment

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference, in which case the user will be required to correct the interference at personal expense.

#### ✧ Cables

Connections to this device must be made with shielded cables with metallic RFI/EMI connector hoods in order to maintain compliance with FCC Rules and Regulations.

## 1.2 Canada regulatory compliance

ICES-003

This Class A digital apparatus complies with Canadian Standard ICES-003.

Cet appareil numérique de la classe A est conforme à la norme NMB-003 du Canada.

## 1.3 Safety Information And Warning

#### ✧ Battery Replacement Notice

**CAUTION:** Risk of Explosion if Battery is replaced by an Incorrect Type. Dispose of Used Batteries According to the Instructions.

**ATTENTION: Risque d'explosion si la batterie est remplacée par un type incorrect.**

**Mettre au rebut les batteries usagées selon les instructions.**

**Batteries, battery packs, and accumulators should not be disposed of together with the general household waste. To forward them to recycling or proper disposal, use the public collection system or return them to Inspur, an authorized Inspur Partner, or their agents.**

✧ **Battery Use Caution**

**When battery is used, avoid:**

- ✧ **High or low extreme temperatures during use, storage and transportation;**
- ✧ **Extremely low air pressure, or low air pressure at high altitude.**
- ✧ **Battery replacement.**

**Use the battery properly. Improper use of the battery such as the following may cause risks of fire, explosion or leakage of flammable liquid or gas.**

- ✧ **Replace battery with an incorrect type;**
- ✧ **Dispose of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery;**

**Dispose the used battery according to your local regulations or the battery manufacturer's instructions**

**Personal safety warnings:**

- **Chemical Burn Hazard.** This product contains a coin cell battery. Do not ingest battery. If the coin cell battery is swallowed, it can cause severe internal burns in just 2 hours and can lead to death.
- **Keep new and used batteries away from children.**
- **If the battery compartment does not close securely, stop using the product and keep it away from children.**
- **If you think batteries might have been swallowed or placed inside any part of the body, seek immediate medical attention.**

#### **Avertissement de l'utilisation de la batterie**

**Lorsque utiliser la batterie, évitez:**

- ✧ **Températures extrêmement élevées ou basses pendant l'utilisation, le stockage et le transport;**
- ✧ **Pression d'air extrêmement basse, ou pression d'air basse à haute altitude.**
- ✧ **Remplacement de la batterie.**

**Utilisez la batterie correctement. Mauvaise utilisation de la batterie comme celles mentionnées ici, peut entraîner des risques d'incendie, d'explosion ou de fuite liquide de gaz inflammables.**

- ✧ **Remplacer la batterie par un type incorrect;**
- ✧ **Disposer d'une batterie dans le feu ou un four chaud, écraser mécaniquement ou couper la batterie;**

**Disposer la batterie utilisée conformément à vos règlements locaux ou aux instructions du fabricant de la batterie**

#### **Avertissements de sécurité personnelle:**

- **Risque de brûlure chimique. Ce produit contient une batterie de cellules. N'ingérer pas la batterie. Si la batterie de cellule est avalée, elle peut causer de graves brûlures internes en seulement 2 heures et peut entraîner la mort.**
- **Gardez les batteries nouvelles ou utilisées à l'écart des enfants.**
- **Si le compartiment de la batterie ne se ferme pas en toute sécurité, cessez d'utiliser le produit et gardez-le à l'écart des enfants.**
- **Si vous pensez que des piles ont pu être avalées ou placées à l'intérieur d'une partie du corps, consultez immédiatement un médecin.**

#### **Restricted Access Area**

**Equipment is intended for installation in Restricted Access Area.**

**L'équipement est destiné à être installé dans une zone d'accès restreint.**

## **2 EU Regulatory Compliance**

#### **➤ European Union Regulatory Notice**

**Products bearing the CE marking comply with the following EU Directives:**

- ✧ **Low Voltage Directive 2014/35/EU**
- ✧ **EMC Directive 2014/30/EU**

**CE compliance of this product is valid if powered with the correct CE-marked AC adapter provided by Inspur.**

**Compliance with these directives implies conformity to applicable harmonized European standards (European Norms) that are listed in the EU Declaration of**

Conformity issued by INSPUR for this product or product family and available (in English only) within the product documentation.

The compliance is indicated by the following conformity markings placed on the product:

Please refer to the regulatory label provided on the product.

➤ **Disposal of Waste Equipment by Users in the European Union**

This symbol on the product or on its packaging indicates that this product must not be disposed of with other household waste. Instead, it is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment. The separate collection and recycling of your waste equipment at the time of disposal will help to conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. For more information about where you can drop off your waste equipment for recycling, please contact your local city office, your household waste disposal service or place of purchase.
