

High Voltage Fuses VvP Type

Високоволтови предпазители тип ВВП

General information

Type	VvP
Class	HV back-up
Standard	IEC 60 282-1
Pin strike	80N, Thermo
Application	indoor/outdoor, air, gas, oil insulated for use in switch-fuse combinations acc.to IEC 62271-105 and for protection of transformers

Rated voltage Ном. напрежение	Rated current Ном. ток	Order № Каталожен №	Length Дължина	Diameter Диаметър	Breaking capacity Изкл. възможност	Min. breaking current Мин. изкл. ток	Resistance Съпротивление	Power Dissipation Загуба на мощност	Weight Тегло
