

BOENMED® Universal Pipette Tips

BOENMED manufactures UNIVERSAL PIPETTE TIPS. The Pipette Tips are cone-shaped plastic attachments that fit onto the end of a pipette. They are designed to work with pipettes for accurate and precise liquid handling.

The Universal fit Pipette Tips provides an airtight fit on most brands of pipettors.

The universal pipette tips are made of high quality PP material.

Certified free from Human DNA, RNase, DNase, Pyrogens
