

## Registration Guide for eTenderBox

To submit an offer for a UNHCR published tender via the eTenderBox online tool, registration is required in the system which is done by providing the below information. This registration is exclusively for eTenderBox and does not replace any other registrations for UNHCR applications.

The screenshot shows the eTenderBox registration page with the following fields and callouts:

- Supplier will be indicated by this name on official offer registration document.** (Points to the Full supplier name field)
- Suppliers will be identified in the system by this username (email address). Also used for login to eTenderBox.** (Points to the Username (email address) field)
- Certification checkbox to avoid automatic bot registration.** (Points to the 'I'm not a robot' checkbox)
- To open registration guide.** (Points to the '(For guidance on registration, click here)' link)
- For internal use within the system.** (Points to the Short supplier name field)
- Username verification.** (Points to the Username (email address) again field)
- Password of free choice.** (Points to the Password field)
- Password verification.** (Points to the Password again field)
- Once all the required information are provided and the certification box is checked, click here to finish registration.** (Points to the SIGN UP button)
- 'Cancel' button will navigate to Welcome page.** (Points to the Cancel button)

For registration, Suppliers need to have an active email account by which they will be identified in the system.

***Note: One Supplier should have only one registered email account in the system. Therefore, the Supplier must use only one eTenderBox account for managing its offers to UNHCR. If you forget your password, you will not be able to use that account anymore. In this case new registration is required.***

Upon successful registration, a confirmation message will be sent to the provided email address and the system will redirect the user to the login page where the Supplier can login with the given email address and password.
