VITAVUE 10 & 12

Hassle Free Touch Screen

Seamless all-screen design Easy to clean, water and dust proof Access all functions intuitively in just one touch

Operation

Compact Design

With an integral carry-handle Modern, thin, light weight and portable

HD Display

1280X800mm high resolution 170 degrees wide angle view

Anti-glare and flicker free technology with 10 levels of night modes Deliver the best visual experience

360 Degrees Alarm Light

Full brightness display from all angles

Rechargeable Lithium Battery Support continuous working of 2 hours (2600mAh), 4 hours(5200mAh)*

DEMO

Powerful Data Storage 480 hours full-disclosure review

168 hours of tabular and graphic trends 4000 sets of data 100+ alarm events Code marker function to locate specific

clinical data for enhanced decision making

Vitavue 12

Instant Upgrades and Maintenance

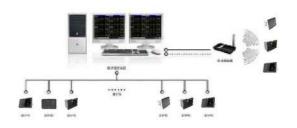

Optimized structural design for USB/HDMI ports For quick and easy data transfer, software upgrade, screen sharing, and nurse call station connections

Wide range of mounting solutions

Wall mount/bedside/rolling stand for any type of transportation

WIFI with smart IT solutions

Wireless integration with Central Monitoring Station Dynamic trends provide up to 240 hours of useful information for review 8 traces per monitor and 16 monitors on one screen View up to 32 maximum bed on one platform in real-time Review and manage patient data anytime and anywhere in and pre-hospital

Specifications

Physical Specifications

Vitavue 10 Dimensions 278(W)X190(H)X120(D)mm Net weight: 2.5KG Vitavue 12 Dimensions: 295(W)X210(H)X126(D)mm Net weight: 3.5KG

Power Supply External power: 100-240VAC, 1.4A 50-60Hz

Internal Battery: Rechargeable Li-ion Battery 2600mAh, 2 hours working 5200mAh*, 4 hours working

Recorder

print out parameters and 3 selectable waveforms paper width: 48mm print Speed:Real-time, alarm, freeze, review, calculation, print speed:12.5mm/s, 25mm/s, 50mm/s;
