

CERTIFICATE OF PARTICIPATION

Liliana Gheorghita

has successfully attended the

Farmers Business Game Training of Trainers

from 11th to 16th of July 2022 in Chisinau, Moldova

Since their beginnings in the 1990s, the Business Games of the German Sparkassenstiftung have become an international brand with more than 20 thousand participants annually. By implementing this innovative and interactive learning experience, German Sparkassenstiftung contributes to strengthening financial literacy.

The Farmers Business Game contributes to improve entrepreneurial literacy of agricultural businesses by encouraging behavioural change through the game environment, repetition and sharing experiences with other participants. By introducing basic accounting principles and financial tools, German Sparkassenstiftung increases business administration capacities while mitigating risks related to their business model.

By participating in the Training, the following skills were acquired:

- implement board-based Business Game and its contents with different target groups
- facilitate of Business Games utilising the unique Do-Reflect-Apply approach for interactive training implementation
- learn about different learning types and activation exercises for lively interaction
- participant management, time management within the seminar
- monitoring and evaluation of Business Games
