

**PANSW NIBP Connectors**

Part No	Description	Picture	Compatibility	Original part number
CNT-01	plastic	 <p style="text-align: center;">Pan-SW</p>	all kinds of disposable nibp cuffs; Male Slip Luer to 5/32 in. ID Tube, Plastic	300666
CNT-02	plastic	 <p style="text-align: center;">Pan-SW</p>	Nihon Kohden dual tube system interconnect hoses; other dual tube systems	GE Part # 300829
CNT-03 (F) CNT-03 (M)		 <p style="text-align: center;">Pan-SW</p>	<p style="text-align: center;">CNT-03 (F) Pan-SW      CNT-03 (M) Pan-SW</p> <p style="text-align: center;">Datex Ohmeda submin connectors Mated Pair Submin to 1/8" ID Barbed, Plastic Compatibility: Datex-Ohmeda Part # 330058 Artema NIBP tubing system Female Submin to 1 /8" ID Barbed, Plastic Compatibility: GE, Marquette Protocol Part # 330064 Male Submin to 1 /8" ID Barbed, Plastic Compatibility: GE, Marquette, Datex-Ohmeda Part # 330091</p>	
CNT-04		 <p style="text-align: center;">Pan-SW</p>	Fukuda Kontron, Schiller	Use with CNT-06
CNT-05	neonate NIBP connector for all the marks neonate system	 <p style="text-align: center;">Pan-SW</p>	5/32" ID Barbed to Female Slip Luer , Metal Compatibility: Part # 300669 Use with CNT-18
