

DAHLHAUSEN®

20.1.19 54

**A-TEX Tracheal Compress, split lengthwise**

Extremely absorbent Tracheal Compress due to its special surface texture and 9 layers. The material is skin-friendly, free of particles, keeps its shape and has a high absorption capacity. Its special type of slit ensures continuous skin contact as well as a safe hold under extreme conditions.

Width: 9 cm
Length: 13 cm
Material: Non-woven material
Sterile: No
