

Algiers, 7 October 2020

To whom it may concern

In 2017, Société d'Automatisation des Transactions Interbancaire et de Monétique (SATIM) of Algeria has partnered with BPC for implementing a national payment switch project, which successfully went live and has been in production ever since.

The project was delivered in 2018 and now SATIM is connected to Algérie Poste to ensure the interoperability of the national payment ecosystem.

Our current relationship with BPC is focused on continuous innovation and over the course of our partnership we have been able to deliver multiple innovative products to the Algerian market within short period of time.

I am happy to recommend partnering with BPC. If you have any questions, please feel free to contact me.

Sincerely,

M^{lle} Newel BENKRITLY

Directrice Générale
