

# MEDI-GRIP® Latex Powder-Free

S U R G I C A L   G L O V E S

## Latex, powder-free surgical glove with a micro-textured finish for a safe and secure grip

### KEY FEATURES AND BENEFITS:

- Good handling and grip achieved through a unique external surface treatment
- Soft and malleable latex formulation provides ample dexterity and good comfort
- Micro-textured finish on the palm and fingers provides secure handling of instruments in dry and damp conditions
- Made using anatomic formers to enhance comfort and fit

*CAUTION: Safe use of these gloves by latex-sensitized individuals has not been established. This product contains natural rubber latex, which may cause allergic reactions.*

### Recommended For

- Sterile procedures in the O.R.
- Extra comfort during long, sustained procedures
- Brief, low-risk examination procedures
- Use as an outer glove when double gloving
